<b>Application No:</b>	DA2018/00968
<b>Land:</b>	Lot 1 DP 303507
<b>Property Address:</b>	37 Alfred Street Newcastle East NSW 2300
<b>Proposed Development:</b>	Dwelling alterations and additions

---

**SCHEDULE 1****APPROVED DOCUMENTATION**

1. The development is to be implemented in accordance with the plans and supporting documents set out in the following table except where modified by any conditions of this consent.

<b>Plan No / Supporting Document</b>	<b>Reference / Version</b>	<b>Prepared by</b>	<b>Dated</b>
Site Plan	497 (issue B)	Bourne and Blue Architecture	13/08/2018
Level 1 Demolition Plan	497 (issue C)	Bourne and Blue Architecture	13/08/2018
Level 2 Demolition Plan	497 (issue C)	Bourne and Blue Architecture	13/08/2018
Level 1 Plan	497 (issue C)	Bourne and Blue Architecture	13/08/2018
Level 2 Plan	497 (issue C)	Bourne and Blue Architecture	13/08/2018
Alfred Street Elevation	497 (issue C)	Bourne and Blue Architecture	13/08/2018
South Elevation	497 (issue C)	Bourne and Blue Architecture	13/08/2018
West Elevation	497 (issue C)	Bourne and Blue Architecture	13/08/2018
East Elevation	497 (issue C)	Bourne and Blue Architecture	13/08/2018
Section AA, BB & CC	497 (issue C)	Bourne and Blue Architecture	13/08/2018
Stormwater Plan	497 (issue A)	Bourne and Blue Architecture	11/04/2019
Statement of Environmental Effects	37 Alfred Street, Newcastle East	Bourne and Blue Architecture	Not dated
Basix Certificate	A293649	Bourne and Blue Architecture	13/08/2018

In the event of any inconsistency between conditions of this development consent and the plans/supporting documents referred to above, the conditions of this development consent prevail.

**CONDITIONS TO BE SATISFIED PRIOR TO THE ISSUE OF A CONSTRUCTION CERTIFICATE**

2. The applicant is to comply with the requirements of the Hunter Water Corporation in respect of any building or structure proposed to be erected over any services or drain under the Corporation's control. Details addressing any requirements of the Hunter Water Corporation are to be included in documentation for a Construction Certificate application.
3. A privacy screen with a minimum height of 1.7m (measured above finished floor level) must be provided along the western edge of the level 1 side deck. The privacy screen is to have a maximum area of 25% openings, is permanently fixed and made of durable materials. Full details to be submitted with the Construction Certificate Application.

## **CONDITIONS TO BE SATISFIED PRIOR TO THE COMMENCEMENT OF WORK AND DURING THE CONSTRUCTION PHASE**

4. Building demolition is to be planned and carried out in accordance with Australian Standard 2601:2001 - The Demolition of Structures.
5. A Hazardous Substances Management Plan is to be prepared by a competent person for the building(s) or parts of the building(s) proposed to be demolished in accordance with Australian Standard 2601:2001 - The Demolition of Structures. A copy of the Hazardous Substances Management Plan is to be provided to Council (marked to Attention: Compliance Services) and the demolisher prior to commencement of work.
6. The demolition works are to be undertaken in accordance with Australian Standard 2601:2001 - The Demolition of Structures and the following requirements:
  - a) Demolition works shall be conducted in accordance with the submitted Hazardous Substances Management Plan and a copy of the Hazardous Substances Management Plan shall be kept on-site for the duration of the proposed development
  - b) The removal, handling and disposal of any asbestos material is to be undertaken only by an asbestos removal contractor who holds the appropriate class of Asbestos Licence, issued by the WorkCover Authority of NSW
  - c) A copy of all waste disposal receipts are to be kept on-site for the duration of the proposed development and made available to authorised Council Officers upon request
  - d) Seven working days' notice in writing is to be given to Council and the owners/occupiers of neighbouring premises prior to the commencement of any demolition works. Such written notice is to include the date demolition will commence and details of the name, address, contact telephone number(s) and licence details (type of licences held and licence numbers) of any asbestos removal contractor and demolition contractor. Notification to owners/occupiers of neighbouring premises shall also include Council's contact telephone number (49742000) and the Workcover Authority of NSW telephone number (49212900) and
  - e) On sites where asbestos materials are to be removed, a standard commercially manufactured sign containing the words 'DANGER ASBESTOS REMOVAL IN PROGRESS' measuring not less than 400mm x 300mm is to be erected in a prominent position during asbestos removal works.
7. Any waste containers used in association with the proposed demolition are to be located on the site where possible.

Note: Where this is not feasible, application must be made for Council's approval to position the container on the adjacent public road in accordance with Council's adopted Building Waste Container Policy.
8. The demolisher is to ensure that all demolition material is kept clear of the public footway and carriageway as well as adjoining premises.
9. A Registered Surveyor's certificate detailing the setting out of the proposed building on the site, including the relationship of the set out building to property boundaries, is to be submitted to the Principal Certifying Authority before construction is commenced.
10. Any alteration to natural surface levels on the site is to be undertaken in such a manner as to ensure that there is no increase in surface water runoff to adjoining properties or

that runoff is impounded on adjoining properties, as a result of the development.

11. A rigid and durable sign is to be erected on any site on which building work, subdivision work or demolition work is being carried out, before the commencement of the work:
  - a) showing the name, address and telephone number of the Principal Certifying Authority for building work and subdivision work, and
  - b) showing the name, address and telephone number of the Principal Contractor for any building work and also including a telephone number on which the Principal Contractor may be contacted at any time for business purposes, and
  - c) stating that unauthorised entry to the work site is prohibited, and
  - d) being erected in a prominent position that can be read easily by anyone in any public road or other public place adjacent to the site.

Any such sign is to be maintained while the building work, subdivision work or demolition work is being carried out, but must be removed when the work has been completed.

12. All building work must be carried out in accordance with the provisions of the National Construction Code.
13. In the case of residential building work for which the *Home Building Act 1989* (NSW) requires there to be a contract of insurance in force in accordance with Part 6 of that Act, such a contract of insurance is to be in force before any building work authorised to be carried out by this consent commences.
14. All building materials, plant and equipment is to be placed on the site of the development so as to ensure that pedestrian and vehicular access in public places is not restricted and to prevent damage to the road reserve. The storage of building materials on Council reserves including the road reserve is not permitted.
15. A separate application must be lodged and consent obtained from Council for all works within the road reserve pursuant to Section 138 Roads Act 1993 (NSW), before the commencement of works.
16. All roof and surface waters are to be conveyed to the street gutter by way of a sealed pipe system, extending through the footway to Council requirements, in accordance with Element 7.06 'Stormwater' of Newcastle Development Control Plan 2012.
17. Construction/demolition work that generates noise that is audible at residential premises is to be restricted to the following times:
  - Monday to Friday, 7:00 am to 6:00 pm and
  - Saturday, 8:00 am to 1:00 pm.

No noise from construction/demolition work is to be generated on Sundays or public holidays.

18. Council's 'PREVENT POLLUTION' sign is to be erected and maintained in a conspicuous location on or adjacent to the property boundary so it is clearly visible to the public or at other locations on the site as otherwise directed by Council for the duration of demolition and construction work.

Note: Council's 'PREVENT POLLUTION' sign can be obtained by presenting your development application receipt at Council's Customer Enquiry Counter at 282 King Street Newcastle.

19. Erosion and sediment control measures are to be implemented prior to the commencement of works and maintained during the period of demolition and/or

construction in accordance with the requirements of *Managing Urban Stormwater: Soils and Construction 4<sup>th</sup> Edition - Vol. 1 (the 'Blue Book')* published by Landcom, 2004. Controls are not to be removed until the site is stable with all bare areas supporting an established vegetative cover.

20. The following waste management measures are to be implemented during construction:
- a) waste container of at least one cubic metre capacity shall be provided, maintained and regularly serviced from the commencement of operations until the completion of the building for the reception and storage of waste generated by the construction of the building and associated waste
  - b) the waste container is to be, at minimum, constructed with a 'star' picket (corners) and weed control mat (sides), or equivalent. The matting is to be securely tied to the pickets
  - c) appropriate provision is to be made to prevent wind blown rubbish leaving the site and
  - d) footpaths, road reserves and public reserves are to be maintained clear of rubbish, building materials and all other items.

Note: Fines may be issued for pollution/littering offences under the *Protection of the Environment Operations Act 1997* (NSW)

#### **CONDITIONS TO BE SATISFIED PRIOR TO THE ISSUE OF AN OCCUPATION CERTIFICATE, A SUBDIVISION CERTIFICATE OR A STRATA CERTIFICATE**

21. All commitments listed in the relevant BASIX certificate for the development are to be satisfactorily completed prior to the issue of an Occupation Certificate. Should there be any changes to the specifications of the dwelling that have implications for compliance with the approved certificate, except where restricted or excluded by any other condition of consent, an amended BASIX Certificate can be relied upon as having complied with this condition. A copy of any amended BASIX Certificate is to be provided to Council within fourteen days of receipt.
22. The water management measures as indicated on the submitted plans and Statement of Environmental Effects and/or as modified under the terms of this consent are to be implemented and the nominated fixtures and appliances are to be installed and operational prior to issue of an Occupation Certificate.
23. All public footways, footpaving, kerbs, gutters and road pavement damaged during the works are to be immediately repaired following the damage, to a satisfactory state that provides for safe use by pedestrians and vehicles. Full restoration of the damage is to be carried out to Council's satisfaction prior to the completion of demolition work or prior to the issue of any occupation certificate in respect of development involving building work.
24. All works within the road reserve required by this consent are to be completed prior to the issue of a Final Occupation Certificate.

#### **CONDITIONS TO BE SATISFIED DURING THE OPERATION AND USE THE DEVELOPMENT**

Nil

#### **ADVISORY MATTERS**

- Development applications are not assessed against the provisions of the National Construction Code. An application to modify the application under the *Environmental*

*Planning and Assessment Act 1979* (NSW) will be required if design amendments that cause the proposal to be inconsistent with the development consent are necessary to comply with the provisions of the Building Code of Australia.

- The carrying out of the development may be affected by the 'declared racing area' under the *Motor Racing (Sydney and Newcastle) Act 2008*. The ability for works to occur on the site or within the road reserve in the vicinity of the property may be impacted between the first week in October and end of December each year that motor racing is conducted in the area. Further consultation is required in the nominated area during this period with the possibility of access restrictions being imposed. For further information and assistance please contact the City's Major Events Team at [events@ncc.nsw.gov.au](mailto:events@ncc.nsw.gov.au) <<mailto:events@ncc.nsw.gov.au>>.
- Retaining walls not clearly noted on the approved plans or outside of the parameters of 'exempt development' as specified in *State Environmental Planning Policy (Exempt and Complying Development Codes) 2008* (NSW) are to be subject to a separate development application. An application in this regard is to be approved prior to any works relating to the retaining wall taking place.
- It is recommended that, prior to commencement of work, the free national community service 'Dial before you Dig' be contacted on 1100 or by fax on 1200 652 077 regarding the location of underground services in order to prevent injury, personal liability and even death. Inquiries should provide the property details and the nearest cross street/road.
- Any necessary alterations to public utility installations are to be at the developer/demolisher's expense and to the requirements of both Council and any other relevant authorities. Council and other service authorities should be contacted for specific requirements prior to the commencement of any works.
- Prior to commencing any building works, the following provisions of Division 6.2 of the *Environmental Planning and Assessment Act 1979* are to be complied with:
  - a) A Construction Certificate is to be obtained; and
  - b) A Principal Certifier is to be appointed for the building works and Council is to be notified of the appointment; and
  - c) Council is to be given at least two days notice of the date intended for commencement of building works.
- Prior to the occupation or use of a new building, or occupation or use of an altered portion of, or an extension to an existing building, an Occupation Certificate is to be obtained from the Principal Certifying Authority appointed for the proposed development. An application for an Occupation Certificate must contain the information set out in Clause 149 of the *Environmental Planning and Assessment Regulation 2000* (NSW).
- It is an offence under the provisions of the *Protection of the Environment Operations Act 1997* (NSW) to act in a manner causing, or likely to cause, harm to the environment. Anyone allowing material to enter a waterway or leaving material where it can be washed off-site may be subject to a penalty infringement notice ('on-the-spot fine') or prosecution.
- Failure to comply with the conditions of consent constitutes a breach of the *Environmental Planning and Assessment Act 1979* (NSW), which may be subject to a penalty infringement notice ('on-the-spot fine') or prosecution.

**END OF CONDITIONS**

## **SCHEDULE 2**

### **REASONS FOR THE DETERMINATION & CONSIDERATION OF COMMUNITY VIEWS**

The determination decision was reached for the following reasons:

- The proposed development, subject to the recommended conditions, is consistent with the objectives of the applicable environmental planning instruments, being; *Newcastle Local Environmental Plan 2012* (NLEP) and applicable State Environmental Planning Policies.
- The proposed development is, subject to the recommended conditions, consistent with the objectives of the Newcastle Development Control Plan 2012 (NDCP).
- The proposed development is considered to be of an appropriate scale and form for the site and the character of the locality.
- The proposed development has appropriate management and mitigation of impacts through conditions of consent.
- The proposed development, subject to the recommended conditions, will not result in unacceptable adverse impacts upon the natural or built environments.
- The proposed development is a suitable and planned use of the site and its approval is within the public interest.
- Council has considered and accepted the proposed development standard variation made under Clause of the *Newcastle Local Environmental Plan 2012*. The proposed Floor Space Ratio variation of 28% is considered acceptable in the particular circumstances of this case as the variation will not significantly overshadow the neighbouring properties, obstruct significant view corridors, and result in negative privacy issues.
- Any issues raised in submission have been taken into account in the assessment report and where appropriate conditions of consent have been included in the determination.

### **REASONS WHY THE CONDITIONS HAVE BEEN IMPOSED**

The following conditions are applied to:

- Confirm and clarify the terms of Council's determination;
- Identify modifications and additional requirements that will result in improved compliance, development and environmental outcomes;
- Prevent, minimise, and/or offset adverse environmental impacts including economic and social impacts;
- Set standards and measures for acceptable environmental performance; and
- Provide for the ongoing management of the development.
