THE CITY OF NEWCASTLE

BRIEFING COMMITTEE

Councillors,

In accordance with section 367 of the Local Government Act, 1993 notice is hereby given that a Briefing Committee Meeting will be held on:

DATE: Tuesday 15 November 2016
TIME: Following the Public Voice Committee
VENUE: Council Chambers
        2nd Floor
        City Hall
        290 King Street
        Newcastle NSW 2300

Peter Chrystal
Interim Chief Executive Officer

City Administration Centre
282 King Street
NEWCASTLE NSW 2300

4 November 2016

Please note:

The City of Newcastle Council meetings are webcast. Council accepts no liability for any defamatory, discriminatory or offensive remarks or gestures that are made during the course of the meeting. Opinions expressed or statements made by participants or third parties during the webcast, or included in any presentation, are the opinions or statements of those individuals and do not imply any form of endorsement by the City of Newcastle. Confidential meetings of Council will not be webcast.

The electronic transmission is protected by copyright and owned by the City of Newcastle. No part may be copied or recorded or made available to others without the prior written consent of the City of Newcastle. This transmission is not, and shall not, be taken to be an official record of the City of Newcastle or of any meeting or discussion depicted therein.

Council meetings are recorded for the purposes of verifying the accuracy of minutes taken. Only the official minutes may be relied upon as an official record of the meeting. Council may be required to disclose recordings pursuant to the Government Information (Public Access) Act 2009, or where Council is compelled to do so by court order, warrant or subpoena or by any other legislation.

BRIEFING COMMITTEE REPORTS

ITEM-8  BR 15/11/16 - DEFENCE HOUSING AUSTRALIA - PLANNING PROPOSAL FOR FORT WALLACE STOCKTON

REPORT BY: PLANNING AND REGULATORY
CONTACT: ACTING DIRECTOR PLANNING AND REGULATORY / MANAGER STRATEGIC PLANNING

PURPOSE

Defence Housing Australia (DHA) have requested to brief the Council on a proposal to rezone Fort Wallace at Stockton to enable the site to be redeveloped for housing and recreation.

BACKGROUND

The subject land is identified as Lot 100 and 101 DP1152115, 338 Fullerton Street, Stockton. The land is owned by DHA and is zoned SP2 Infrastructure - Defence, under the Newcastle Local Environmental Plan (LEP) 2012.

Fort Wallace contains a number of historically significant military installations and is currently listed on the Commonwealth Heritage List established under the Environmental Protection and Biodiversity Conservation Act 1999. The site has undulating topography, including cleared areas towards Fullerton Street and sand dune systems extending through to Stockton Beach. The site is adjoined to the north by the Stockton Centre and to the south by Hunter Water Corporation land.

DHA have initiated consultation with Council in relation to a preliminary proposal to rezone the land to enable it to be redeveloped for housing and recreational purposes. DHA have indicated that the redevelopment would include housing for defence members and families as well as sites that will be sold on the open market. A formal request to amend Newcastle Local Environmental Plan 2012 has not been received by Council at this stage.

DHA is also investigating the redevelopment of the Rifle Range site, which is located to the north of the Stockton Centre, situated within Port Stephens Local Government Area.

Please see the community newsletter prepared by DHA at Attachment A for additional information on DHA and the project.

RECOMMENDATION

The briefing be received.

Fort Wallace and Rifle Range

Community Newsletter – July 2016

What is happening at Stockton Fort Wallace and Fern Bay Rifle Range?

Last year Defence Housing Australia (DHA) purchased the Fort Wallace and Rifle Range land holdings from the Department of Defence. This land will be developed by DHA to provide additional homes for Defence members and their families.

In the coming months, we will take the first steps towards requesting the necessary planning approvals required to develop two vibrant and sustainable residential communities. We anticipate both sites will offer high quality public areas, improved access to the sand dunes and Stockton beach, as well as a mix of quality dwellings to house Defence families and the wider public.

Who is DHA?

Defence Housing Australia (DHA) is one of the country’s most successful Government Business Enterprises. Our main role is to provide quality housing and related services to Defence members and their families, but we don’t just build houses, we build communities.

When planning a new development, our project teams look beyond the front yard and consider the street layout, the footpath connectivity, the road network, and public spaces like parks to ensure a safe and liveable community. Our role is clear – we are charged with creating a place for families to call home.

Today, we can proudly say that the communities we build exceed community standard and are award-winning. Innovation and sustainability is incredibly important to DHA. We have a pipeline of approximately $3 billion committed to produce cutting-edge developments across the country.

With the ongoing support of our many happy investors and our valued partners, we will continue to build futures for all Australians.
Strong links to community

DHA’s vision is to develop Fort Wallace and the Rifle Range into unique coastal communities with links to the Newcastle CBD and the growing Hunter region. The location of these two sites is ideal for our requirement to provide more quality housing in close proximity to jobs at RAAF Base Williamtown, Kooralgian Island and Newcastle CBD.

We will be considering a variety of opportunities for the two areas, such as integrated bike paths and scenic walking trails that allow people to enjoy various points of interest within the sites. For instance, Fort Wallace offers a unique insight into the bygone ‘fort’ era with history that is integral to the local and wider community.

Fort Wallace offers unique views of Stockton and the Hunter region and both sites have the potential to provide the community access to Stockton beach, its dunes and the surrounding bushland.

Currently, DHA is working with an expert project team, comprising of architects, planners, urban designers and landscape architects plus a range of specialist consultants. This team is working on identifying and reporting on local considerations regarding the environment, traffic, Indigenous heritage, European heritage, dune morphology and 100 year sea level changes.

By consulting with the local community and its stakeholders we hope to achieve an urban design that sensitively responds to the local environment and supports the local amenity. A place where the natural coastal ecology prevails over the built environment and a rich layer of cultural heritage is celebrated and made accessible to the public.

We intend these sites to provide future residents, and the wider Stockton community, with the opportunity to connect with the natural environment and the sites’ heritage. Our aim is to create a vibrant sustainable community with world’s best practice as the benchmark.

Cultural heritage

Both sites contain Indigenous and European heritage while Fort Wallace heralds visible remnants of its recent mission to keep Newcastle safe during World War Two.

DHA is committed to working with the local community to understand the significance of these sites and work with local organisations and government with the aim of protecting, managing or providing public access to these culturally significant heritage sites.
What will happen next?

To develop parts of both sites for residential uses, the planning controls need to be amended. The process is called a “Planning Proposal” or “re-zoning”. The Planning Proposal will be submitted to Port Stephens Council and Newcastle City Council, and will also need to be assessed and determined by the State Government.

What is the planning process?

**STAGE 1 – Planning Proposal**
- Specialist studies; including heritage, traffic, flora and fauna.
- Stakeholder and community consultation undertaken by DHA.
- Planning proposals lodged with Port Stephens Council and Newcastle City Council.
- Preliminary assessment by councils.
- Department of Planning and Environment issue a Gateway Certificate, which allows the Planning Proposal to go on exhibition.
- Public exhibition of the Planning Proposal.
- Council and State Government Assessment and approval – the planning controls are amended.

**STAGE 2 – Development Applications**
- DHA and the consultant team prepare Development Applications (DAs) showing the details of the proposal.
- Public exhibition of the DAs.
- Development Application assessed by Councils and other agencies (as required) and approved, if appropriate.

**STAGE 2 – Design and Construction**
- DHA to undertake detailed design of the dwellings, parks, and infrastructure, and commence construction.

**HAVE YOUR SAY**

Make a comment or share your views by coming along to one of our information sessions. See back page for details.
Rifle Range and Fort Wallace have the potential to provide the community access to Stockton Beach, its dunes and the surrounding bushland.

Where can I get more information?

DHA is committed to keeping the local community and stakeholders informed, as well as obtaining your feedback as the planning progresses. We will be sending households regular newsletters and providing community information sessions at key stages of the planning process. The Gateway Rezoning process will also provide formal opportunities for public input.

The community is invited to attend an informal information session to be held Thursday 28 July 2016 between 3pm and 6.30pm at Newcastle Golf Club, Vardon Road, Fern Bay.

Alternatively, you can drop-in to the arcade in front of the Stockton IGA Thursday 11 August 2016 from 2.30pm to 6pm. Stockton IGA is located at 53 Mitchell Street, Stockton.

At these events you will be able to meet some of the project team and view information about the planning proposal to better understand what can be expected.

ITEM-9 BR 15/11/16 - AMENDMENT TO NEWCASTLE LEP 2012 - LAND BOUNDED BY MOSBRI CRESCENT AND KITCHENER PARADE THE HILL

REPORT BY: PLANNING AND REGULATORY
CONTACT: ACTING DIRECTOR PLANNING AND REGULATORY / MANAGER STRATEGIC PLANNING

PURPOSE

To brief Council on a proposed amendment to Newcastle Local Environmental Plan (LEP) 2012 to enable medium density residential development on land bounded by Mosbri Crescent and Kitchener Parade, The Hill (including the NBN television studio site).

BACKGROUND

Council has received a request to amend the Newcastle LEP 2012 in order to enable the land at 11 to 17 Mosbri Crescent, The Hill to be developed from its current use as television studios to medium density housing. This site has been occupied by the NBN television studios since the 1950s. The current buildings are the equivalent of two to five-storeys in height. The submitted request outlines that technological changes within the television industry associated with the introduction of digital television have made the site no longer suitable for use as a television studio. The Nine Network Australia advise that it is relocating the NBN facilities to a new purpose built facility at a yet to be determined site within the Newcastle metropolitan area, preferably within the Newcastle CBD.

Upon reviewing this request it was identified that it was logical to expand the scope of the Planning Proposal to include the adjoining land to the west, also bounded by Mosbri Crescent and Kitchener Parade, from low density residential to medium density residential.

At the Ordinary Council meeting held on Tuesday 25 October 2016, Council considered a report on a Planning Proposal to amend the Newcastle LEP 2012 to amend the zoning, building heights and floor space ratio maps with an aim to enable medium density residential development on the wider land area bounded by Mosbri Crescent and Kitchener Parade, The Hill.

Council resolved that:

*Item lay on the table pending a Councillor workshop with Council officers.*

RECOMMENDATION

The briefing be received.
