ORDINARY COUNCIL MEETING
26 NOVEMBER 2019

ITEM 88 - CCL 26/11/19
ENDORSEMENT OF 2018/19 ANNUAL REPORT

Item 88 - Attachment A: 2018/19 Annual Report
Acknowledgment

City of Newcastle acknowledges that we operate on the grounds of the traditional country of the Awabakal and Worimi peoples.
We recognise and respect their cultural heritage, beliefs and continuing relationship with the land, and that they are the proud survivors of more than two hundred years of dispossession.
CN reiterates its commitment to address disadvantages and attain justice for Aboriginal and Torres Strait Islander peoples of this community.

Welcome
A message from our Lord Mayor

As a United Nations city we are committed to contributing towards the achievement of the United Nations Sustainable Development Goals (SDGs). We have adopted the SDGs and New Urban Agenda as cornerstones for our planning. We are committed to ensuring Newcastle is a Sustainable City and Community, that is inclusive, safe, and resilient recognising that all SDGs have targets directly or indirectly related to our work. I’m proud that our annual report now includes reporting against the SDGs.

This year again has been one of substantial achievement delivering a record $91.6 million capital works program for 2018/19. Our commitment to collaborative leadership and strong financial management has protected and delivered high-quality services while also fostering innovation, investment and job creation.

Development and investment activity remain strong, with the total value of building approvals topping $1 billion again in 2018/19 all while we continue to maintain heritage assets while revitalising and reinventing our city. For the first time in nearly twenty years a substantial new heritage conservation area for Hamilton Residential Precinct was created. We have also seen an increase in attendance at our pools, Civic Theatre and Art Gallery.

Over 14,500 solar panels have been installed in the Solar Farm at Summerhill Waste Management Centre. Work is now underway to build the connection between the solar farm and Ausgrid’s substations so that we can start generating over 75 Gigawatt hours of renewable energy. Enough to power more than half of our entire electricity needs.

We have delivered a free public Wi-Fi network in Newcastle’s East End. The City Wi-Fi network is one initiative of our Smart City program designed to increase connectivity and information sharing between the community, business and the digital world. We spent almost three hundred million dollars this year to provide services and facilities to more than 160,000 people. We managed two billion dollars worth of assets including roads, galleries, museums, bridges, halls, lands, recreation and leisure facilities, drains, libraries and parks.

Thank you to the Councillors, our community and volunteers together with our dedicated hard-working staff who have supported our endeavours over the past year.

Councillor Nuatali Nelmes
Lord Mayor of Newcastle

A message from our Chief Executive Officer

City of Newcastle (CN) had a record-setting 2018/19 for all the right reasons, not least because of our financial performance: a $94 million end-of-year surplus.

Our positive financial position allowed continued investment in a record capital works program of $91.6 million, an amount that surpassed the previous record year set twelve months earlier.

The Newcastle 500 last November attracted a crowd of 162,000 to our city for the three day Supercars event. It again proved an incredible postcard for engaging new audiences and showcasing our city’s unique coastal views and working harbour while boosting the local economy by more than $30 million.

Construction of the $6 million Resource Recovery Centre at Summerhill is complete and is now in operation. This facility will enable CN to increase resource recovery by an additional 5,700 tonnes of material a year and reduce what we send to landfill. Every tonne sent to landfill attracts a levy of $141.20 which is paid to the NSW Government. Last year we paid $33 million as a result of just this one levy.

The Newcastle Smart Streetscape – Stage 2 Masterplan which will see emerging CBD are included in the West End Streetscape – Stage 2 Masterplan which will see new dedicated green spaces, a cycle way connecting Wickham to Union Street and Hunter Street pedestrian crossings.

Our organisation continued its journey of rapid internal transformation with the ratification of a new enterprise agreement in December 2018, the first new agreement in 9 years. This agreement provides genuine flexibility in the way staff work as well as supporting the need for our staff to move to more agile ways of working. Such new ways of working combined with a commitment to support staff via an investment in new technologies and upgraded systems, will generate many synergies for the 450 staff who will be based at the new Council Administration Centre (CAC) located at 12 Stewart Avenue.

The move to the new head office allowed for the previous CAC (commonly known as the Roundhouse) to be sold for $18.15 million (inc GST) to the Crystalbrook Collection. The building is now being converted to a five-star hotel, the first in our amazing city. The move to Newcastle West consolidates staff across just five floors in one building instead of the previous 12 floors across three buildings, bringing significant efficiencies and improved productivity.

I thank our Councillors, staff and stakeholders for their efforts to ensure Newcastle’s growth and development continues in a way that benefits our entire community. Our city’s success is the sum of many parts, and CN’s result in 2018/19 is testament to the performance of everyone involved.

Jeremy Bath
Chief Executive Officer
Year in review

Capital investment

2018/19 was a record year for capital investment, with $91.6 million spent on improving our city.

Our investment in capital works has been growing over the past four years as we continue to balance infrastructure renewal with revitalisation projects to meet the higher community expectations that come with sustained growth.

Our annual capital works program reached every pocket of the Local Government Area (LGA)

The program included construction of the highly popular playground at Blackbutt’s Richley Reserve and the South Stockton active hub; a new glass pavilion and gym in the Clarke Grandstand at Merewether’s Mitchell Park; removal of Queens Wharf Tower and an upgrade of the Carrington Local Centre.

Other projects completed include: the refurbishment of Beresfield Library; road and drainage rehabilitation at various locations including Merewether, The Junction, Newcastle CBD, New Lambton and Lambton; pedestrian crossing upgrades in Mayfield, Adamstown, Gerringong Vale, Kotara, Rankin Park, Tighes Hill and Waratah; road widening at Minmi Road Wallsend and resurfacing projects across the LGA.

There are also many major projects, such as the restoration of City Hall; renewal of the Beresfield Local Centre; and expansion of the Summerhill Waste Recovery Centre which will continue into the new financial year.

Here is a closer look at a few of our major projects.

South Stockton active hub

The $2 million playground and skate plaza precinct at Griffith Park, Stockton were completed just in time for the Easter long weekend. The playground features a range of equipment including a flying fox, double swing, climbing structure and accessible carousel spinner, as well as a barbecue, picnic table and shelter.

The urban skate plaza includes rails, angle ledges, kerb cuts, an a-frame kicker and a half pipe.

Merewether sporting club grandstand pavilion

A new $2 million grandstand pavilion for Merewether sporting clubs at Mitchell Park Oval has been completed. Including an impressive glass-pavilion that sits above a new gym, lift access and refurbished change rooms in the existing Clarke Grandstand. This was a joint project between CN and local sporting clubs.

Waste projects

Summerhill landfill capacity

Approximately 50% of the bulk earthworks are complete and 90% of required liner materials, sourced both nationally and internationally, have been delivered to site. To date, approximately 365,000m³ of material has been excavated.

Organics processing facility

A tender to design and construct the organics processing facility has been completed and applications received. The expected design and construction will take approximately 18 months once the project is awarded.

Resource Recovery Centre

Construction of the $6 million Resource Recovery Centre is complete and began operating in September 2019. This facility will enable CN to increase resource recovery by an additional 5,700 tonnes of material per year and reduce waste disposed to landfill.

Carrington village upgrade

The $3 million revitalisation of Carrington saw infrastructure improvements to roads, pathways and parking along Young Street, and the addition of street trees, bike racks and bins. The installation of a smart bus shelter that will provide free Wi-Fi coverage is to follow.

City Hall

The eastern facade works are now complete, and access has reopened along with works to the south and east facades. Restored window frames have been reinstalled to both north and west facades. Reconstruction of the western parapet is underway. Preparation for stone replacement on the remainder of the west façade is continuing. The distinctive ‘Yellowblock’ sandstone, excavated from a building site in George Street, Sydney, was used throughout. Restoration of City Hall’s vehicle ramp and driveway reached the halfway mark before Christmas 2018.

A united logo for our City

A multi-coloured ‘N’, the main feature of the new CN logo, was inspired by the emergence of a new city and designed in-house to promote its growing appeal to tourists.

At CN facilities and services have been united under a single banner that Novocastrians can be proud of. The colour scheme complements our highly successful Newcastle ‘See Change’ destination brand. The two will often feature side by side as CN works to deliver services and facilities to Newcastle as well as promote the city as a destination.
Supporting our community

Our youth

National Youth Week celebrates young people and their contribution to their local communities. It is now the largest annual youth participation event in Australia. Youth Week is a week to celebrate young people and provide them with opportunities to express their views and act on issues that affect their lives.

Youth Week 2019 was held between 10 and 18 April and CN was involved in the following activities:

- Youth Mock Council
- Live at the Library
- Girls who skate
- Youth frontiers
- Youth live music gig
- Act 4 Sustainable Development Goals (SDG) Day

Youth Mock Council

Over two days during May, the Newcastle Youth Council ran Youth Mock Council. This was the second year this program has run and saw a dramatic increase in attendance from eight participants in 2018 to 21 participants in 2019. Youth Mock Council engages students from local high schools to participate in workshops with councillors on how local government decisions are made and how to write a Notice of Motion (NOM). The students then presented their NOMs in a ‘mock’ council session in council chambers. Councillors Nelmes, Winney-Baartz, Clausen and Mackenzie participated in the event.

Live at the Library

On 13 April Newcastle Libraries hosted an all-ages music event at Newcastle Library. The event was planned and delivered in collaboration with youth groups The Y Project, Softys Clubhouse and the Newcastle Youth Council. 150 people attended the event, with four youth bands playing throughout the night. The library also live streamed the event to their Facebook page, with 1,200 views and a reach of nearly 3,000 people.

Our seniors

CN maintained its commitment to our growing Seniors community. The City offers many services for Seniors, extending to active adventures like exploring our Bathers Way walk to an event or exhibition at our libraries. Here are a just a few of the things CN delivered for our seniors;

Libraries

Events and exhibitions – national and international travelling photography exhibitions; work produced by local artists; items from our extensive rare book and photographic collections

Craft sessions – sit and stitch or knit with fellow crafter

Tech savvy senior programs

Home library service delivery. Delivered 19,236 items and courier made 1,900 individual book bag drops. In June 2019 Regis Elermore Vale Aged Care has been added to the Home Library Services (HLS) delivery runs with 10 new customers.

Art Gallery

The Newcastle Art Gallery has one of Australia’s most significant collections valued at more than $95 million, featuring works from indigenous artists, colonial and contemporary periods. The gallery delivered 37 educational and public programs for people aged 65+ in 2018/19.

Volunteer

Volunteers’ effort, knowledge and opinions are valued and contribute to developing a stronger healthier community. CN offers volunteer programs such as Landcare, the Museum, Playhouse and Gallery, just to name a few. Of the 26,700 hours contributed this year 65% of our volunteers were over the age of 60.
Inclusion

CN’s Disability Inclusion Action Plan is our way of defining how the organisation will make targeted and continual effort to reduce the barriers that people face when living, working and visiting the Newcastle LGA. Some of our achievements are:

Street accessibility
AUSLAN interpreted shows
BeConnected workshops
Bin assistance
Events and exhibitions.

NAIDOC Week

NAIDOC Week 8-15 July 2018 celebrated the history, culture and achievements of Aboriginal and Torres Strait Islander (ATSI) people, with this year’s theme, Because of Her, We Can. Celebrating the invaluable contributions that Aboriginal and Torres Strait Islander women have made – and continue to make – to our communities, our families, our rich history and to our nation.

As part of NAIDOC week’s opening celebrations, CN and community partners launched virtual reality (VR) technology to transport viewers back in time to when Awabakal and Warn people lived traditionally within the local lands of Newcastle. Using a virtual reality headset or a smart phone, the Niiarrnumber Burrai, or Our Country video immerses the viewer in Newcastle’s landscape prior to European settlement with Elder characters sharing knowledge of their significant places, their traditional names and cultural stories.

Partnerships

Inclusion based partnerships

As well as representing the community, CN also facilitates and partners in a wide range of activities which promote the well-being of their communities. Some of these partnerships include:

Facilitating the Newcastle Community Services Interagency (Quarterly)
Facilitating CN’s Disability Inclusion Advisory Committee (Bi-monthly)
Participating in the Hunter Joint Organisation Planners Network (Quarterly)
Working in partnership with social housing providers on issues related to affordable housing
Partnering with stakeholders to improve employment outcomes for people with disabilities, and also attending the Disability Employment Advisory Group
Working with state and community stakeholders on issues related to homelessness and anti-social behaviours, in local centres and across the city
Assisting NSW Family and Community Services (FACS) deliver workshops related to the Targeted Earlier Intervention program reform
Establishing the Newcastle Community Development Group
Supporting the Hunter New England Local Health District Men’s Health Network and annual forum
Homelessness – ongoing partnership with FACS (both Housing and Community Services areas) and specialist homelessness services to address ongoing challenges, undertake research and field work and support best practice approaches.
Facilitating the Guraki Aboriginal Advisory Committee
Facilitating the Urban Design Consultative Group
Member of Pride in Diversity
Grants and sponsorship

Events sponsorship program

CN funded a range of events under the banner of the events sponsorship program (ESP), sponsoring 32 events to the value of $225,000. The events included:

National youth week grants
In April 2019, seven National Youth Week events to the value of $6,500 were funded through our Youth Week Grants program, including a live music event, a community festival, an event showcasing cultural foods and a sporting event. These projects directly involved 140 young people in the planning and organising of events, with 500 young people attending these events across Newcastle’s LGA.

Smart City
Our smart city work has been recognised at a national event highlighting the latest technologies being deployed across Australia’s building, transport and utilities industries. Presented during the Smart Cities 2019 Conference, the award – Smart City of the Year Metropolitan, confirms we have moved ahead of other local governments, including finalists Randwick, Townsville and Lake Macquarie City Councils, as an advanced smart city.

This is not the only award for our smart team. A pair of awards at the IDC Smart Cities Asia Pacific Awards has reaffirmed CN’s standing as a leading smart city with wins in the ‘Land Use and Planning’ category and the ‘Connected and Autonomous Vehicles, Public Transit and RideShare’ category.

Progressing Newcastle 2030’s strategic direction as Smart and Innovative – A leader in smart innovations with a prosperous, diverse and resilient economy, our Smart City Strategy continues to provide a roadmap for a smart future.

Engagement
We have been out and about at NAIDOC Family Fun Day, Newcastle Pride Fair and Wallsend Winter Fair talking to people about the types of things they would like to hear more about from CN and how they primarily find out about things happening in their community.

The Newcastle community was actively engaged across a range of projects where the community had the opportunity to have their say including:

Customer service

The contact centre is the main port of call for the majority of Newcastle customers. It provides information and advice on a wide range of subjects including rates, animal registrations, planning and development (building), trees, traffic enquiries, residential parking permits and associated studies. Providing a high customer experience is a priority at CN and with results like 77% satisfaction with face to face contact, we know we are doing a good job.

Finance highlights

$9.4 million operating surplus

We spent $91.6 million on capital works

CN achieved a perfect 6 for 6 scorecard from the Auditor-General for NSW

$172 million collected in rates

Including $65.6 million on new infrastructure

Operating performance ratio 2.13 percent

Investment return 3.2 percent

$47 million received in grants from State and Commonwealth governments

Community satisfaction survey

Four community surveys were completed with very positive responses. More than 3,200 people participated in the survey which are conducted every three months to help inform the city’s decision making and service provision. Here is a taste of the things you told us were going well and some areas where we need to improve. The full report with detailed results is available on our website.

# We read the City News publication and think it’s informative
# Most of us can find what we’re looking for on our website
# More of us prefer to participate in online than face-to-face community engagement activities
# We think that our community centres and halls are important

# Many of us aren’t aware of CN’s Facebook page
# People think we should do more:
  - Letterbox flyer updates
  - Community engagement activities
  - Signage around the LGA
  - Traditional media advertising

# We think our cultural institutions such as Civic Theatre, Newcastle Art Gallery and Newcastle Museum help promote our city and attract audiences
# Newcastle is our top choice as a destination for enjoying the arts and culture
# We feel Newcastle’s cultural events and activities are making the city a creative place to live

# Our top two community safety issues are domestic violence and alcohol related anti-social behaviour and violence
# We consider a lack of time, work or other commitments as barriers to participating in community life
# Other challenges facing us include:
  - Access to public transport
  - Housing affordability
  - Community safety/security

- 54 sporting facilities
- 15 grandstands
- 9 skate facilities

*ID profile and 2016 sensors data
Our people, our city

Newcastle is Australia’s seventh largest city. Over the past decade the population of the Newcastle LGA has surged with significant growth in its western corridor.

The city offers a remarkable and diverse natural environment — from coastal headlands and beaches to wetlands, mangrove forests, steep ridges and rainforest gullies. This diversity presents significant challenges for CN in terms of maintaining this environment and the broad range of workforce skills required to do so.

We have survived earthquakes, super storms and the closure of major industries and we continue to grow and change.

Novocastrians are a proud community who have been shaped by their heritage.

For thousands of years, the area we now know as Newcastle was nurtured and protected by local traditional custodians, including the Worimi and Awabakal peoples, who lived around the mouth of the Hunter River. They called this place Muloobinba and the river, the Coquun.

From the traditional custodians to European settlement, our culture is shaped collectively by our history as a penal settlement and the birthplace of the Australian coal industry. Ships, convicts and coal—these early and difficult beginnings have made us what we are today: a loyal, welcoming and diverse community.
Our Vision
In 2030, Newcastle will be a smart, liveable and sustainable global city.
We are committed to contributing towards achievement of the United Nations’ Sustainable Development Goals (SDGs). We have adopted the SDGs and New Urban Agenda as cornerstones for our planning.

In September 2015, Australia was one of 193 countries, to commit to the SDGs. These goals provide a global roadmap for all countries to work towards a better world for current and future generations.

City of Newcastle has two parts, but one shared voice: The Elected Council and The Administration.

A popularly elected Lord Mayor and 12 elected Councillors make up the elected body of CN.

Elected Council

The Newcastle LGA is divided into four wards, with each ward represented by three councillors who are elected for a four-year term.

Under the Local Government Act 1993, the role of a councillor is to:

- be an active and contributing member of the governing body;
- make considered and well-informed decisions as a member of the governing body;
- participate in the development of the integrated planning and reporting framework;
- represent the collective interests of residents, ratepayers and the local community;
- facilitate communication between the local community and the governing body;
- uphold and represent accurately the policies and decisions of the governing body;
- make all reasonable efforts to acquire and maintain the skills necessary to perform the role of a councillor.

A councillor represents residents and ratepayers, provides leadership and guidance to the community and facilitates communication between the community and the organisation. Council meets every second, third and fourth Tuesday of the month from February to November and as required in December.

The Administration

The Administration is organised into five groups, each with a range of responsibilities.

The Chief Executive Officer (CEO) leads the administrative arm of CN and is responsible for the efficient and effective operation of the business and ensuring that the decisions of the elected Council are implemented.

The CEO reports to the elected Council.
Nuatali Nelmes was returned for a second consecutive term as the Lord Mayor of Newcastle in 2017, now serving as Lord Mayor for five years.

Councillor Nelmes previously served as Councillor on Newcastle City Council for 6 years from 2008, before being elected Lord Mayor of Newcastle in 2014.

Nuatali holds a Bachelor of Business degree with a double major in industrial relations/human resource management and marketing from the University of Newcastle, is a Graduate of the Australian Institute of Company Directors and Currently participating in Bloomberg Harvard City Leadership Institute. She worked in small business and recruitment before being elected to The City of Newcastle Council in 2008.

Throughout her time on Council, Nuatali has championed the revitalisation of the City and Newcastle’s coastline, and worked to improve vital Council services providing Novocastrians with equitable access to high-quality public facilities.

During the 2017 General Council Election, which Nuatali won with more than 42 per cent of first preference votes, she campaigned on a strong track record of delivery, including returning Council to financial sustainability, doubling council works program while protecting jobs and services, as well as overseeing record levels of development approved throughout the City of Newcastle. Under her collaborative leadership, Newcastle has become a United Nations City committed to the United Nations Sustainable Development Goals (SDGs), adapting the SDGs and New Urban Agenda ensuring Newcastle is a Sustainable City and Community, that is inclusive, safe, and resilient.

Nuatali has represented Labor as a Councillor on committees overseeing recreation, urban planning and design, assets, and catchment management; and is currently a member of Council’s Asset Advisory Board and was the foundation Chair of Council’s Coastal Revitalisation Working Party; she has overseen the inception, collaboration and delivery of the six kilometre Bathers Way and associated multimillion dollar upgrade of public amenity and facilities along Newcastle’s beaches and coastline.

Nuatali also sits on the Boards of the Newcastle Airport Parnership and Newcastle Airport Pty Ltd and The Hunter Joint Organisation after serving a four year term on the Westpac Rescue Helicopter Board.

Councillor Nelmes is only the second female Lord Mayor of Newcastle after popular 1970s-era mayor Joy Cummings, and she is the youngest Lord Mayor of Newcastle. Nuatali was raised and educated in Newcastle, is married with three children and has enjoyed a representative sporting career in basketball.

Emma White was first elected in September 2017. Emma has a Bachelor in Business (Human Resources/Industrial Relations). Her experience includes 17 years as an advocate and representative for public services and public service jobs.

Years of service - two
Advocate and representative for workers’ rights and conditions.

Declan Clausen was elected to Council at a by-election in February 2015 and re-elected in September 2017. Declan was elected to the role of Deputy Lord Mayor in September 2017 and re-elected in August 2018. Declan holds a BEng (Hons I) from the University of Newcastle and is currently completing a Masters of Sustainable Urban Development at the University of Oxford. He additionally holds qualifications as a Graduate of the Australian Institute of Company Directors, and a Certificate IV in leadership and management. Declan is particularly interested in sustainability and environmental conservation, urban amenity and planning, and the City’s Smart City program.

Council Meetings

All Ordinary Council Meetings as well as the Development Applications Committee, Public Voice Committee and Briefing Committee meetings are open to the public unless required to be closed in accordance with the Local Government Act 1993 (Act).

CN makes its business papers available on our website in advance of Council Meetings as well as in hard copy from CN’s City Administration Centre. Minutes of all open Council Meetings are also made available to the public via our website and meetings are live streamed.

Code of meeting practice

The elected Council adopted a new Code of Meeting Practice in June 2018. The Code of Meeting Practice applies to Council Meetings, Extraordinary Council Meetings and Committee of Council Meetings. The object of the code is to provide for the convening and conduct of meetings. The code covers:
- adopting a meeting cycle for regular Council meetings;
- provision of notice of Council meetings and means by which Councillors can add items to the Council meeting agenda;
- publicly advertising the dates and times of Council meetings;
- the timetables and form for the issuing of agendas and business papers by the CEO to Councillors and the public;
- approval of minutes at the next Council meeting and the signing of minutes by the Lord Mayor;
- voting on items of business in Council meetings;
- quorum at meetings;
- the attendance of the public at meetings, except where meetings must be closed to the public in accordance with the Act;
- the requirement to vote by division and record the voting by individual Councillors on planning instrument matters; and
- Councillors declaring conflict of interests at Council meetings.

Advisory committees

Council established four additional advisory committees now resulting in eight. The four new committees will take effect from 1 July 2019 until the day before the next election in September 2020. The purpose of these committees is to provide guidance and make recommendations to the elected Council within a particular area of expertise. The committees include representatives from the community, stakeholders and Councillors.

The committees meet to discuss issues that fall within their area of expertise and make recommendations back to the elected Council.

Infrastructure Advisory Committee
Access and Inclusion Advisory Committee

Strategy and Innovation Advisory Committee
Asset Advisory Committee

Communication and Cultural Advisory Committee
Guraki Aboriginal Advisory Committee

Liveable Cities Advisory Committee
Youth Council

Business Improvement Associations

CN also had a number of Business Improvement Associations (BIAs) for part of or all of the financial year. The purpose of BIAs is to provide oversight of the special benefit rates within each nominated commercial centre.

Following a review the new scheme will be introduced in July 2019 designed to increase investment in projects to benefit business and improve accountability.

Code of Conduct

The Code of Conduct (Code) applies to staff, Councillors, Council Committee members, Delegates of Council and Council Advisors. It is based on the Model Code of Conduct for Local Councils in NSW (the Model Code of Conduct) which has been prescribed under the Local Government (General) Regulation 2005.

The Model Code of Conduct sets the minimum standards of conduct for CN officials. It is prescribed by regulation to assist CN officials to:
- understand and comply with the standards of conduct that are expected of them;
- enable them to fulfil their statutory duty to act honestly and exercise a reasonable degree of care and diligence (section 439); and
- act in a way that enhances public confidence in local government.
### Mayor and Councillor expenses

### Details and purpose of overseas visits by Councillors, CN staff or other persons representing Council Regulation CL 217(1)(a)

#### Lord Mayor overseas visits

During the 2018/19 financial year the Lord Mayor was invited to be a part of the Newcastle Business Delegation in Auckland from 3-5 February 2019.

The itinerary included:
- Forum with business, government and tourism leaders from Newcastle and Auckland and opportunities for business meetings and/or site visits.

There was no cost to CN for the Lord Mayor’s attendance and all incidentals not covered as part of the delegation were met by the Lord Mayor personally.

#### Councillor overseas visits

No overseas visits.

#### CN officer’s overseas visits

During the 2018/19 financial year two of CN’s Destination Marketing Officers attended a trade delegation in Auckland, New Zealand to promote the direct flights between NTL-AKL with industry and consumers.

### Councillor professional development

For the first time, councils are required to report on the participation of each Councillor in a professional development program during the year. The costs of professional development activities are governed by the Councillor Expenses and Facilities Policy.

Councillors participate in professional development:

Through their attendance at monthly Councillor workshops. The first section of the report confirms 12 workshop sessions were held in the 2018/19 period and records the number of sessions attended by each Councillor. The workshop sessions include a variety of topics including but not limited to updates on planning laws/ instruments, financial and corporate planning.

Through their enrollment in professional development courses individually. The second section lists the number of standalone professional development sessions attended by a Councillor in 2018/19.

On Committee meeting nights, there may be more than one meeting held. When a Councillor is absent on the night, they will be recorded as being absent from each individual meeting.
Hunter Integrated Resources

Hunter Integrated Resources is a public company limited by guarantee and not having share capital. CN has an interest in this company that was incorporated on 7 December 2000 but is not currently carrying out any active business. It was originally incorporated to undertake a Hunter Region waste project joint venture between CN, Lake Macquarie City Council, Maitland City Council and Cessnock City Council.

Hunter Joint Organisation Group Entities

The Hunter Joint Organisation group is the hub for local government collaboration, which strengthens our communities by being the local voice on regional strategic issues in the Hunter and delivering tailored local government solutions. For over sixty years, local government in the Hunter has found significant benefit in working together through positive cooperation and resource sharing.

There are four key entities creating and operating as part of the current enterprise offering:

Hunter Joint Organisation – a statutory body under the Local Government Act 1993 (NSW), established in 2018 to identify, advocate for and collaborate on regional strategic priorities for the Hunter.

Strategic Services Australia Limited (and its wholly owned subsidiary, Hunter Councils Legal Services Limited) – are companies limited by guarantee under the Corporations Act 2001 (Cth) and established to improve the quality and efficiency of local government services throughout the Hunter Region. These organisations offer tailored local government services through its five divisions; Local Government Training Institute, Local Government Legal, Regional Procurement, Screen Hunter (which, under delegation from member councils, licences film production on council owned and control land), and the Environment Division (which delivers a regional environmental management program on behalf of both member councils from the Hunter region and Central Coast Council).

Hunter Councils Incorporated – an incorporated association under the Associations Incorporation Act 2009 (NSW) that holds property assets for the Hunter Joint Organisation group. CN has representation on each entity’s Board, and shares ownership and/or control with the other nine councils of the Hunter Region.

Newcastle Airport Pty Ltd

Newcastle Airport Pty Limited is jointly owned by CN and Port Stephens Council, who each receive an annual dividend if the funds are available. It is serviced by all the major domestic airlines that provide services to the major destinations along the east-coast of Australia. The Airport is significantly contributing to the domestic and international growth of business and tourism to the surrounding region. Since the introduction of jet services into Newcastle Airport, the number of passengers using the Airport has increased from 214,000 in 2003 to a record 1.28 million for the year 2018/19.

NSW Local Government Mutual Liability Scheme (Statewide)

The NSW Local Government Mutual Liability Scheme started in 1993 as a joint venture with 96 members forming a ‘self-insurance mutual’ covering public liability and professional indemnity insurance. Membership has expanded to include councils, the Local Government Association, the Local Government Shires Association, a rural Water Board and a Noxious Weed Eradication Board.

Over 18 years, Statewide has delivered many benefits including stable premiums, reduced premium outcomes for CN as well as cost containment and spread of risk.

Functions delegated by Council

To better engage the community and reflect local community views and needs, CN delegates a range of its functions to volunteer committees and other organisations.

Parks committees

Parks committees manage local parks and reserves on behalf of the community including:

Beresfield/Tarro Parks Committee
Kotara Parks Local Committee
New Lambton Ovals Board
Stevenson Parks Local Committee

Community facility committees

Community facility committees manage local community facilities on behalf of the community. We support community facility committees for:

Carrington Community Centre

Advisory committees

The purposes of these committees are to provide guidance and make recommendations to the elected council within a particular area of expertise:

Youth Council
Guraki Advisory Committee
Disability Inclusion Advisory Committee
Smart and Innovative Cities Committee (dissolution 30 June 2019)
Newcastle Cycling Advisory Committee (dissolution 30 June 2019)
Newcastle Floodplain Risk Management Committee (dissolution 30 June 2019)
Environmental Advisory Committee (dissolution 30 June 2019)
Coastal Revitalisation Consultative Committee (dissolution 30 June 2019)

External bodies, companies or partnerships

Regulation cl 217(1)(a8)

City of Newcastle
CN employs almost 1,300 staff and is responsible for providing services and facilities to more than 160,000 people.
Our values
Our values guide the day-to-day activities and behaviour of our staff and organisation and underpin the culture of our organisation.
Our values were reviewed and updated in 2019 to ensure that they remain reflective of the culture and the way in which we work and behave, as individuals and as an organisation.

Cooperation
We work together as an organisation, helping and supporting each other

Respect
We respect diverse views and opinions and act with integrity

Excellence
We strive for quality and improvement in everything we do

Wellbeing
We develop a safe and supportive environment

Our staff
As an employer CN prides itself on providing opportunities for staff to be part of a high performing dynamic and progressive team and establish fulfilling careers. Our workforce is as diverse as it is skilled and closely represents the cultural diversity of our community.

Our workforce
Our workforce comprises of 1,250 employees with the majority being permanent staff (full time and part time). Approximately one quarter of our staff are employed on a casual, temporary or fixed term basis or are participating in tertiary/vocational education programs. Our approved Equivalent Full Time (EFT) positions are 957.

Our employee base is supplemented by contract employees and external labour hire which fluctuates in accordance with short term work-based demand. This approach allows flexibility to meet periods of peak demand while protecting ongoing job security for our employees. Over reliance on this type of labour can present challenges and ongoing viability and utilisation is reviewed regularly.

What we do

We are responsible for providing a wide range of community facilities and services. They include:

- construction and maintenance of local roads, drains and bridges;
- waste management and recycling;
- assessing residential and commercial development applications;
- parking strategy and enforcement;
- maintenance of parks, sporting fields, pools and beach facilities;
- lifeguard patrols at our beaches;
- community and cultural facilities including libraries, Newcastle Art Gallery, Civic Theatre, the Playhouse, community centres and Newcastle Museum;
- pet registration and animal control;
- tourism and economic development;
- childcare;
- strategic planning - our long-term planning;
- community engagement about plans, services and facilities;
- regulatory services; and
- events, licensing and production.

We are responsible for the construction and maintenance of around 3,500 kilometres of roads, footpaths, drainage, and kerbs and guttering. Many natural assets are our responsibility too, including 14 kilometres of spectacular coastline, almost 100,000 street trees and more than 400 parks, reserves and wetlands.

We work with local communities and business owners to improve the places we live, by supporting our business improvement associations, place making initiatives, murals in public places and other beautification projects.

Training and learning opportunities

Training and learning opportunities are highly valued at CN and leadership development is a key focus for training and development over the next four years. CN’s CEO has committed to an organisational design process with the key objectives of encouraging leadership across the organisation and developing our future leaders.

Recent investments in leadership development including two accredited leadership programs commenced at CN this year:

- BluePrint - Offering a skillset in CertIV Leadership and Management for 24 participants. This program runs a full day session every month, February to September 2019. Funding support is gained through access to NSW Local Government Skills Funding.
- LEAD Program - offering a skillset in Diploma Leadership and Management for 20 participants. Each of the monthly sessions is opened by a Senior Manager or Director from the organisation who addresses the cohort focusing on their own understanding of good leadership and by speaking to their experience and learnings of leadership throughout their career.

Training for new and emerging technology

Individual teams have and continue to use Training and Learning to assist with the training needs associated with hardware or software needs associated with new technologies. A recent example has been the use of drones to replace technical and/or high-risk work previously undertaken by staff. Training and Learning have assisted these teams to obtain the necessary training to obtain the relevant licenses and tickets to operate drones commercially.

Apprentices, trainees, undergraduates and graduates

With significant focus and investment, Training and Learning increased CN’s cohort of apprentices and trainees, undergraduates and graduates to align with critical job areas and retirement trends across the organisation.

Apprentices and trainees

The disciplines identified for recruitment include:

- Civil design
- Childcare
- Human resource management
- Arts administration.

The caliber of the candidates for the civil design recruitment was so high that the organisation determined to offer positions to the top two candidates, bringing the total number of recruits from four to five.

Undergraduates and graduates

Following a successful EOI process, recruitment for four new undergraduates and three new graduates was completed.

The following disciplines were targeted:

- Undergraduate Development Officer – Engineering
- Undergraduate Development Officer – Building
- Undergraduate Environmental Officer
- Undergraduate Venues and Visitor Services Officer
- Graduate – Civil Engineering x 2
- Graduate – Planning Officer.
Investment in activities to enhance our organisational culture and build courage, trust and pride

Our new cultural planning program by ARUP has seen 122 participants attend workshops this financial year. An employee pulse check and wellbeing survey has been conducted with the creation of employee focus groups to drive initiatives enhancing our employee experience.

Keeping staff informed

Keeping staff informed and connected is central to ensuring that our employees are engaged with their role and the broader objectives and goals of CN. The intranet, OnePlace, and our weekly newsletter NovoNews, are a hub of important information, staff news, events, successes, completed projects, a knowledge board where staff share information about their service unit and internal resources and tools.

Diversity and inclusion

CN is committed to the development of a culture that promotes Equal Employment Opportunity (EEO) principles in the workplace and is dedicated to the advancement of Newcastle’s diverse community through employment opportunities.

Our supporting strategies and plans are:

Inclusion across our plans:

- People with disabilities, creating an accessible and inclusive work environment;
- LGBTIQ inclusion, celebrating and recognising the rich diversity of our community at CN including our lesbian, gay, bisexual, transgender, intersex and queer employees;
- Gender equality, CN is committed to providing workplace flexibility and gender equality for all employees;
- Aboriginal employment, increase Aboriginal employment and retention for new and existing Aboriginal and Torres Strait Islander staff across CN; and
- Cultural Inclusion, support, value and respect the wide variety of cultural identities, languages and beliefs within our workplace.

CN is committed to fostering a safe, inclusive and respectful environment, where everyone is free to respectfully and openly express ideas and opinions regardless of their cultural identity or religious affiliation.
Employee wellbeing

619 staff participated in the survey

As part of CN’s wellbeing strategy development, consultation has been undertaken on the wellbeing needs of CN. An organisation-wide wellbeing survey was available to all staff from April 29 April to 24 May 2019. 619 workers participated in this survey which has helped capture baseline data.

In addition to the survey, over 300 workers have been consulted on the wellbeing project and many more communicated to through NovaNews, OnePlace and posters.

A wellbeing OnePlace page has been created which will continue to bring everything together and evolve as the project progresses. A wellbeing email address has also launched for any enquiries and communications.

Wellbeing focus groups are currently being held which, along with other useful data being collected, will help shape an evidence-based Wellbeing Strategy customised to supporting the wellbeing needs of all of our staff.
Contributions to charity

“We do our best things when we partner”

Mel Histon
Founder, Director and CEO - Got Your Back Sista

CN has been developing a Community Impact Program with a focus on how we can support local not for profit groups to grow, develop and have a sustainable impact. As a pilot, CN partnered with a local domestic violence support service, Got Your Back Sista (GYBS). Through this partnership, CN has assisted GYBS to improve their governance and volunteer support systems. We have promoted them both within our organisation and to the broader community. We have provided opportunities to attend local events to raise awareness and raise much needed funds, and we have provided direct volunteer support with CN employees putting up their hands to support GYBS events.

Celebrating achievements

Awards and recognition program

Our recognition program provides guidelines on the program available to employees and shows that people’s contribution is valued and appreciated. CN encourages the use of the recognition program in recognising employees and teams for outstanding achievements. The recognition program supports the fulfilment of our performance development program in recognising individuals and teams.

The program enhances employee engagement and supports the creation of building a collaborative culture across CN through recognising ‘blue bus’ principles of playing hard through teamwork, performance, collaboration and celebration of achievements.

Within the last 12 months over half of the organisation have been recognised for their contribution which makes a difference to the services delivered to the community.

Chief Executive Officer:  $446,516  
Senior officers x 20:  $4,424,774  
$4,871,290  
Fringe benefits tax for non-cash benefits:  $43,357

All figures stated are in line with relevant legislation that requires the following components to be reported:

(i) the total of the values of the salary components of their packages;
(ii) total amount of any bonus payments, performance payments or other payments made to the CEO that do not form part of the salary component of the CEO;
(iii) total amount payable by Council by way of the employer’s contribution or salary sacrifice to any superannuation scheme to which the CEO may be a contributor;
(iv) total value of any non-cash benefits for which the CEO may elect under the package;
(v) total amount payable by Council by way of fringe benefits tax for any such non-cash benefits.

Fringe benefits tax (FBT) includes costs associated with parking, entertainment expenses, senior executive services relocation expenses and FBT associated with motor vehicle private usage.
Work health and safety

The past 12 months have seen a number of key initiatives rolled out across CN, aimed at promoting a safe workplace and developing Work Health and Safety (WHS) best practice.

CN focused on delivering the following initiatives or achievements:
- Figtree dashboard (CN’s WHS system)
- Figtree training sessions
- WHS safety innovation awards
- Each ICAM (Investigation APP) presented to Executive Leadership Team (ELT)
- Drug and alcohol training
- Initiation and development of a CN Wellbeing Strategy

To enhance CN’s WHS management system, the following documents underwent major or minor review for compliance to the WHS Act, WHS Regulation, Codes of Practice and/or Australian Standards or via WHS Audits:

- Two policy documents
- Eight system procedures
- Four operating procedures
- 52 forms
- One register
- Four competency assessments
- Two training packages

Opportunities identified to enhance the WHS system were monitored through the mySafety Incident and hazard corrective action system and as a result the WHS system is continually reviewed to ensure meeting CN’s legislative compliance.

Overall, CN’s WHS performance in the 2018/19 financial year recorded the following:
- Zero Improvement Notices or Prosecutions
- The Lost Time Injury Rate (LTIR - the number of Lost Time Injuries that have occurred per 100 workers) - 4.02
- The Lost Time Injury Frequency Rate (LTIFR - the number of Lost Time Injuries that have occurred per 1,000,000 hours worked) - 16.83
- Lost Time Injuries - 39
- Total Injuries - 180

Workers compensation

In line with previous achievements CN again achieved top tier exemplary performance for workers compensation, as assessed by an external agency;
- Continued the proactive and productive approach to claims management
- Developed workers compensation and return to work training program

To enhance CN’s WHS management system, the following documents underwent major or minor review for compliance to the WHS Act, WHS Regulation, Codes of Practice and/or Australian Standards or via WHS Audits:

- Two policy documents
- Eight system procedures
- Four operating procedures
- 52 forms
- One register
- Four competency assessments
- Two training packages

Our volunteers

CN volunteers have a significant impact on our community and how our organisation delivers quality services both with, and to our community. During 2018/19, our volunteers contributed more than 26,700 hours to programs such as Landcare, Museum, The Playhouse, Art Gallery and a number of Committees. CN volunteers can be found contributing almost every day of the week and provide a wonderful way for our residents to make a real contribution to our community.

Considerable work has been undertaken internally with how we manage and support our volunteers. This investment has seen a vast improvement in how CN meets the National Standards for Volunteer Involvement. We have also seen the development of our Volunteer Management Framework, how we communicate with our volunteers and how we recognise and reward our volunteers for their efforts.

Highlights for this year have included an International Volunteers Day/Christmas recognition dinner, a volunteer strategic workshop and a National Volunteers Week morning tea.

Why we do an Annual Report

It is a report to our community on our performance against our Delivery Program strategies.

CN is required under section 404(5) of the Act to provide progress reports on the Delivery Program and Operational Plan at least every six months. Our Annual Report details CN’s progress on the principle activities detailed in the Delivery Program.

Reporting on our performance

The Annual Report, along with the six-monthly performance report and quarterly report are the key points of accountability between CN and our community.

It is not a report to the Office of Local Government or the NSW Government, it is a report to our community on our performance against our Delivery Program strategies.

Every three months, CN reports on the key activities it has undertaken which contribute to achieving our Delivery Program and in the long term our Newcastle 2030, Community Strategic Plan.
## Our stakeholders

At CN we have a diverse group of stakeholders and engage with them in many ways, depending on their needs. Community and stakeholder engagement are also an integral part of our service. Our goal is that our community is kept informed of all works we are delivering and services we are providing.

<table>

Integrated and Accessible Transport

Transport networks and services will be well connected and convenient. Walking, cycling and public transport will be viable options for the majority of our trips.

Community Objective
1.1 Effective and integrated public transport
1.2 Linked networks of cycle and pedestrian paths
1.3 Safe, reliable and efficient road and parking networks
Highlights of Integrated and Accessible Transport

On your bike video reached 148,590

43% agree Newcastle LGA is a cycle friendly area (very satisfied or not concerned)

45,517 EasyPark transactions during June

EasyPark app usage has increased from 6.3% take up in July to 34.8% take up in June

EasyPark is now a preferred option over cash

Park and Ride 64,100 single occupant vehicle trips into/out of the city centre removed

39,223 passengers one-way July-June

300 street signs replaced

6 transport stops upgraded

Our achievements

Regional roads resurfacing 30,435m²

Local roads resurfacing 74,575m²

Local roads surface rejuvenation 162,402m²

Maintained 1.7km of concrete footpath

Replacement of 300 street name signs

Six transport stops upgrades

Footpath replacement 0.6km

Rejuvenation works undertaken on 97 streets

Pavement rehabilitation and replacement for three streets

Resealing of 34 streets and laneways

The Newcastle Cycleways Map and Guide was revised, and 10,000 copies printed and distributed in late 2018

Seven bike maintenance classes were held

Resurfacing of 20 streets and laneways

Resurfacing at four grade car parks

Kerb and gutter replacement 0.5km

Supporting our strategic directions

Our strategies and plans

Newcastle Transport Strategy 2014

Newcastle Cycling Strategy and Action Plan 2012

Connecting Newcastle 2017

Disability Inclusion Action Plan 2016-2019

What we did

Cycle safety is important to us

Cycle safety is part of the ongoing cycling education and promotion project. The cycling education and promotion project includes several components:

- mapping
- events
- local discovery rides
- cycle skills classes
- campaign.

The first wave of the campaign focused on participation, Find your path.

The second on the benefits of cycling.

The third on safety.

Our achievements
CN distributed two safety animations through social media early this year – ‘Share the Path’ and ‘Share the Road’. The animations can be found on CN’s web page at www.newcastle.nsw.gov.au/OnYourBike/Riding-Nice.

**Purchase of electric cars**

We’ve begun replacing our fleet of petrol-powered cars by purchasing two electric models engineered for better performance, efficiency and sustainability.

A Renault Kangoo and Hyundai Ioniq have replaced existing fleet cars that were up for renewal and will be joined by similar makes and models in the next financial year.

The emerging fleet of new vehicles is another example of CN’s increasing uptake of new technology for improved environmental outcomes.

**On your bike photo contest**

We launched an on your bike photo competition to celebrate NSW Bike Week and the 2018 Newcastle Walking and Cycling Festival.

And the winner, a tiny tot on a trike summons the power to propel herself forward in life as mum glides effortlessly by on a Newcastle day that sparkles even in black and white.

**Carrington village upgrade**

Revitalisation of Carrington, the first of the village upgrades, was completed this year. The $3 million project saw infrastructure improvements to roads, pathways and parking along Young Street, and the addition of street trees, bike racks and bins.
1.1 Effective and integrated public transport

<table>
<thead>
<tr>
<th>Delivery Program Objective</th>
<th>Operational Plan Action 2018/19</th>
<th>Responsibility</th>
<th>Status</th>
</tr>

</tr>
<tr>
<td>Promote sustainable transport</td>
<td>Enhance information about public transport and active transport on CN’s website</td>
<td>Assets and Projects</td>
<td>✓</td>
</tr>
</tbody>
</table>

1.1.1 Support implementation of the regional transport strategy

- Liaise and partner with other government agency representatives to facilitate optimum transport outcomes for Newcastle
- Actively represent Newcastle’s position in relation to public transport needs in cross-government forums

1.1.2 Advocate for public transport improvements including extension of the light rail

- CN will continue to advocate to other levels of government for assistance to meet compliance standards for transport stops
- Lead the formation of a working party to deliver an expanded light rail network with relevant state agencies, Keolis Downer and the community

1.2 Linked networks of cycle and pedestrian paths

<table>
<thead>
<tr>
<th>Delivery Program Objective</th>
<th>Operational Plan Action 2018/19</th>
<th>Responsibility</th>
<th>Status</th>

</tr>
</tbody>
</table>

1.1.3 Plan and deliver accessible local infrastructure improvements for public transport

- Improve equity of access to public transport, through upgrading of transport stops to meet the Disability Standards for Accessible Public Transport
- Implement the transport stops program including the renewal and upgrades of bus shelters and seating to comply with Federal Government legislation
- CN will continue to advocate to other levels of government for assistance to meet compliance standards for transport stops
- Undertake planning for a principal pedestrian network

Protected Environment

Our unique environment will be understood, maintained and protected.

Community Objective
2.1 Greater efficiency in the use of resources
2.2 Our unique natural environment is maintained, enhanced and connected
2.3 Environment and climate change risks and impacts are understood and managed
Highlights of Protected Environment

- **14,500** solar panels have been installed at the Summerhill solar farm
- **22,113 tonnes** of waste exported for recycling
- **44%** waste diversion rate for municipal collection
- **994** residents participated in Chemical CleanOut events
- **40.7 tonnes** of chemicals collected at Chemical CleanOut bays
- **0.99 t/m³** compaction ratio (target > 0.95 t/m³, last year 0.97 t/m³)
- **249,273 tonnes** waste received

Top environmental issues

- Protecting natural areas
- Expanding urban and street scale greening
- Increase the use of renewable energy
- Protecting the coastline
- Changes in climate
- Minimising waste
- Reduce carbon emissions

Supporting our strategic directions

Our strategies and plans

- Newcastle Environmental Management Strategy 2013
- Smart City Strategy 2017–2021
- Throsby Creek Action Plan 2017
- Urban Water Cycle Policy 2019
- Newcastle Coastal Zone Management Plan Stockton 2018
- Hunter Estuary Coastal Zone Management Plan 2017

What we did

**Summerhill Waste Management Centre solar farm**

Over 14,500 solar panels have been installed and the solar farm completed at Summerhill Waste Management Centre. Work is now underway to build the connection between the solar farm and Ausgrid’s substation so that CN can start generating over 7.5 Gigawatt hours of renewable energy. Enough to power more than half of CN’s entire electricity needs.

Our achievements

- 14,500 solar panels have been installed at Summerhill solar farm
- 22,113 tonnes of waste exported for recycling
- 44% waste diversion rate for municipal collection
- 994 residents participated in Chemical CleanOut events
- 40.7 tonnes of chemicals collected at Chemical CleanOut bays
- **0.99 t/m³** compaction ratio (target > 0.95 t/m³, last year 0.97 t/m³)
- **249,273 tonnes** waste received

What we did

- Summerhill Waste Management Centre solar farm
- Over 14,500 solar panels have been installed and the solar farm completed at Summerhill Waste Management Centre.
- Work is now underway to build the connection between the solar farm and Ausgrid’s substation so that CN can start generating over 7.5 Gigawatt hours of renewable energy. Enough to power more than half of CN’s entire electricity needs.
Our renewable energy systems
We now have nine rooftop solar systems on city facilities:
War Memorial Cultural Centre
Regional Art Gallery
No.1 Sportsground
No.2 Sportsground
New Lambton Library
Newcastle Regional Museum
Wallsend Library
12 Stewart Ave.
with a combined estimated energy output of 803MWh per year, this green energy is equal to 160 households.

What we recycled
Of the 22,113 tonnes collected for recycling:
- 15,665 tonnes are compost
- 4,119 tonnes are aggregate
- 855 tonnes are steel
- 869 tonnes are wood
- 131 tonnes are household items for reuse
- 96 tonnes are household problem waste
- 89 tonnes are non-ferrous
- 289 tonnes are paper and cardboard.

Coast and estuary improvement projects
The coast and estuary works program delivered the following improvement and maintenance projects:
- Coastal protection and repair work at Stockton Beach in response to repeated erosion events;
- Successful completion of the Mitchell Street seawall north accessway installation and the protection of the Dalby Oval dune habitat;
- 2,436 linear metres of fencing installed to protect endangered ecological communities and encourage dune vegetation establishment and sand capture;
- Coastal revegetation of littoral rainforest, wetland, dune, and headland locations was highlighted at Arcadia Reserve with the installation of nest boxes in conjunction with Newcastle East Public School; and
- Community education under the Natural Connections banner – Summer program focusing on coastal habitats, sand life and rock platform protection (Approximately 200 community members involved).

Electric transit hub
CN has constructed a cutting-edge electric transit hub at No.2 Sportsground and car park in Newcastle West. With a 200-car space weekday parking capacity, and ideally located within walking distance of the CBD, the site is tailor made for the installation of electric transport infrastructure.
This includes three electric vehicle charge points powered by a 44kWh solar car park cover and 120kW battery storage (enough to power a Newcastle home for nine days), as well as E-Bikes for travel into the city.

Stormwater projects
CN received a total of $1,983,691 in Stormwater Management Service Charge (SWSC) funds. In addition to the monies, CN dedicated the annual baseline amount $640,000 specifically to SWSC eligible project funding. These two funding sources explicitly allocated $2,623,691 to eligible stormwater projects.
During the 2018/19 financial year CN conducted an extensive stormwater program which included 46 projects dedicated to stormwater drainage works and services resulting in total program expenditure of $6,277,017. Of these 46 projects, 37 were eligible to have the SWSC applied. The total expenditure on the eligible SWSC projects totalled $5,685,139 for the 2018/19 financial year.
CN’s total investment in 2018/19 in stormwater rehabilitation delivered a wide range of stormwater activities, including:
- Asset renewal and creation, with approximately 1,200m of pipelines, 87m of culverts, 1,500m of swales, 96 pits, three headwalls, 12 stormwater quality improvement devices (SQID), two tide control devices;
- Trenchless technology used to renew 863m of pipelines;
- Stormwater program projects successfully completed at:
  - Unnamed Laneway, Stockton
  - Kimian Avenue, Waratah West
  - Patrick Street, Merewether
  - Westwood Avenue, Adamstown Heights
  - Boronia Avenue, Adamstown Heights
  - Howden Street, Carrington;
- Audit and condition assessment of gross pollutant traps (GPTs) in Fletcher;
- Approximately 220 proactive erosion and sediment control inspections were performed; and
- Approximately 55 Business Pollution Prevention Program audits were performed.
Sparing the environment with our new re-usable coffee cups

CN staff received a free Newcastle-branded re-usable coffee cup. These cups, funded in conjunction with NSW Environment Protection Authority, were distributed across the LGA to encourage use of sustainable cups and reduce non-recyclable cups going to landfill.

A litter audit was undertaken in the City Administration Centre and Fredrick Ash Buildings prior to the cups’ distribution, and it was estimated 10,375 cups each year ended up in our bins, and eventually landfill. The same audit was undertaken two weeks after our staff received their cups, and the results are commendable! This time around it was estimated that, post distribution, there would be 3,925 cups per year discarded. This represented a dramatic drop of 62% in cups going to landfill.

By using a re-usable cup, we can all help be part of the solution to a big problem. More than one billion coffee cups in Australia’s household end up in landfill each year.

Whale Tales

This year, the city’s whale tales lecture at Bar Beach fell on the same day as an annual tally of humpback whales. The whale tales talks by marine naturalist Jeannie Lawson celebrate the gentle giants by canvassing their song, lifecycle and migration. Newcastle’s Bathers Way coastal pathway each year offers a great vantage point to spot the humpback whales.

2.1 Greater efficiency in the use of resources

<table>

<td>Roll out at least 20 new waste recycling stations with improved aesthetics and cleanliness</td>
<td>Waste Services</td>
<td>○</td>
</tr>
<tr>
<td></td>
<td>Start construction of new small vehicle drop off facility</td>
<td>Waste Services</td>
<td>○</td>
</tr>
</tbody>
</table>
2.1.2 Investigate and implement renewable energy technologies

- Increase the percentage of CN’s electricity sourced from low carbon energy sources
- Construct a mid-scale Summerhill solar farm project to offset CN’s energy use and greenhouse emissions
- Support the objectives and implementation of the Newcastle Carbon and Water Management Action Plan
- Establish No.2 Sportsground as the trial site for smart grid and smart city energy technologies

2.1.3 Encourage energy and resource efficiency initiatives

- Pilot and deploy technologies that improve energy and resource sustainability across CN and the broader community
- Install private street lighting network throughout our LGA utilising LED technology and smart lighting controls
- Commence construction of electric vehicle charging stations throughout the city

2.2 Our unique natural environment is maintained, enhanced and connected

Vibrant, Safe and Active Public Places

A city of great public places and neighbourhoods promoting people’s happiness and wellbeing.

Community Objective

3.1 Public places that provide for diverse activity and strengthen our social connections
3.2 Culture, heritage and place are valued, shared and celebrated
3.3 Safe and activated places that are used by people day and night
Supporting our strategic directions

Our strategies and plans
- Parkland and Recreation Strategy 2014
- Cultural Strategy 2016-2019
- Safe City Plan 2017-2020
- Events Plan 2016-2019
- Newcastle After Dark Strategy 2018-2021
- Disability Inclusion Action Plan 2016-2019
- Dogs in Open Spaces Strategy 2019
- Outdoor Exercise Facility Strategy 2018
- Newcastle Libraries Strategy 2019-2029

What we did
School Water Safety Education Program

Each year lifeguards deliver CN’s unique Water Safety Education Program to over 13,000 primary school children across the Newcastle LGA.

Over the course of eight weeks, lifeguards visited over 50 schools to deliver key messages about safety and drowning prevention. The program seeks to interactively educate children about water safety and covers water safety at the beach, at the pool and around open bodies of water such as rivers, lakes and dams.

By actively engaging children and empowering them with the knowledge to keep them safe, we hope to prevent child drownings, accidents and minimise children getting into dangerous situations.

Both beach and pool lifeguards present the program at local schools during winter, in an attempt to ensure the safety of their patrons leading into the City’s popular spring and summer swimming seasons.
New playgrounds and fitness parks

CN has opened four new facilities for kids, including the Stockton Active Hub's skatepark and playground in Griffith Park. Students of St Peter's Stockton were included in the official opening of the Stockton Active Hub. Outdoor exercise stations have been built along the Stockton foreshore, complementing the Active Hub and encouraging healthy lifestyles.

New playgrounds were also opened in Cressington Way, Wallsend, Fletcher Park, Adamstown and Richley Reserve earlier in the financial year.

Our first dog park under construction

Newcastle’s first fully fenced dog park for owners to let our dog friends run free is now under construction at Acacia Avenue, North Lambton. Around six football fields in area, the new park will cater to the 44,300 registered dogs in Newcastle and offer separate spaces for pooches of different sizes.

Library and Newcastle Stories Exhibitions

Newcastle Libraries produced seven exhibitions and attracted 23,260 visitors to the Lovett Gallery to see these exhibitions.

The major exhibition was 'Streets of Our Town' exhibition highlighting the libraries heritage subdivision plan collection. This exhibition resulted in $4,000 worth of collection merchandise sales, more than 250 glowing visitor book reviews and thousands of visitors to the Lovett Gallery.

Other exhibitions at the libraries were:

The ‘Spring’ an exhibition drawing on the Newcastle Library botanical rare book collection;

‘Festival X’ and the ‘Pop Up Library Competition’ both exhibitions in partnership with the University of Newcastle (UoN); and

‘Portraits of Crime’ in partnership with NSW State Records to promote the ‘One City One Book ‘Summer of Crime’ programming.

How we performed

<td>Deliver positive communications regarding local parks and open spaces that educate the community</td>
<td>Parks and Recreation</td>
<td>✓</td>
</tr>
</tbody>
</table>
### Upgrade and enhance our parkland and recreational facilities

- Deliver recreational facility improvements throughout the city – playgrounds, outdoor courts, sportsgrounds, exercise equipment, dog off-leash areas
- Review and upgrade Lambton pool facility to meet current community needs and industry requirements
- Refurbishment of tennis facilities (deferred)
- South Newcastle reserve – playground design
- Parks and Recreation

### Ensure that recreation facilities provide opportunities for the full range of age groups and abilities

- Deliver projects that support whole of community use and incorporate universal design principles
- Undertake plans of management and masterplans to reflect the current community needs
- Parks and Recreation

### Ensure spaces and facilities are multi-functional, and adaptable to changing needs

- Plan and design for the implementation of the Bathers Way at South Newcastle, Bar Beach and King Edward Park
- Arts and Projects

### Continue to support and deliver on Coastal Revitalisation

- Present Art Gallery shows that feature local stories and cultural identity across the LGA
- Present shows within Civic Services that feature local stories and cultural identity across the LGA
- Maintain a balance of local stories told through exhibitions, web contents
- Number of accessioned objects for the Museum

### Develop and deliver a range of learning-based community events and programs in partnership to enhance social connections

- Deliver annual one city, one book big book club
- Deliver the community living lab - backyard detectives – a smart city partnership
- Deliver reading matters – a series of author programs to discuss ideas and ethics
- Libraries and Learning

### Ensure Newcastle audiences have access to a diverse range of exhibitions and works of high quality

- Maintain a balance of programming targeted to a breadth of audience demographics including works of new and emerging thinking, forms and technology
- Art Gallery

### Ensure Newcastle audiences have access to a diverse range of audience engagement programs

- Maintain a balance of audience engagement programs targeted to a breadth of audience demographics
- Museum

### Partner with Newcastle's small to medium not for profit arts and cultural organisations in growing arts and culture in the city

- Establish up to five programming partnerships of up to three-year terms with key programming deliverables for the city

### Partner with Newcastle community organisation to deliver diverse opportunities

- Establish partnerships with key programming deliverables for the city

### 3.2 Culture, heritage and place are valued, shared and celebrated

#### Delivery Program objective

- Grow the city’s identity via its collections of art and artefacts, local history and architecture

#### Operational Plan action 2018/19

- Plan, support and maintain the city’s art exhibitions and collections to generate educational programming
- Present Art Gallery shows that feature local stories and cultural identity across the LGA
- Present shows within Civic Services that feature local stories and cultural identity across the LGA
- Maintain a balance of local stories told through exhibitions, web contents
- Number of accessioned objects for the Museum

#### 3.2.1 Celebrate Newcastle’s history, cultural heritage and cultural diversity

96% museum exhibition satisfaction

Supporting our strategic directions

Our strategies and plans
- Multicultural Plan 2016 – 2019
- Disability Inclusion Action Plan 2016 – 2019
- Newcastle Libraries Strategy 2019 – 2029
- Social Strategy 2016 – 2019
- Aboriginal Employment Strategy 2018 – 2021

What we did

Progress on Nobbys project
The new accessible amenities at Nobbys Beach are completed.
The new amenities include an assisted change room with toilet, basin, shower and bench, and a separate dual-purpose room for parents with baby change bench, accessible toilet and children’s toilet.
Other improvements include new access ramps, seating and landscaping around the lifeguard tower.

Home Library Service (HLS) narrative
The HLS delivered 19,236 items to our community and our Library Courier made 1,900 individual book bag drops.
In June 2019 Regis Elermore Vale Aged Care has been added to the HLS delivery runs with 10 new customers. An individual tech help session was arranged and presented at Regis Elermore Vale.
CN’s HLS continues to receive overwhelmingly positive feedback from its members who highly value the service and the HLS team members are committed to providing an excellent service. This commitment includes liaising with multilingual aged care professionals to assist the team to understand the specific reading needs of members.
Team members visit members in their homes to assist them to use modified audiobook players that are provided by the HLS in association with Vision Australia.
Those members with reduced vision appreciate the technological support so that they can continue to enjoy books in audio format.

Our achievements

✓ Home library services made 1,900 individual book bag drops
✓ Home library service delivered 19,236 items to our community
✓ 206 pets transported to CN’s impound facility
✓ Our companion animal officers conducted a total of 305 proactive patrols throughout the LGA
✓ The dogs in open space plan adopted
✓ Museum currently holds 12,500 objects
✓ Newcastle Museum presented five exhibitions
✓ Ten, two-hour tech savvy for our Aboriginal community training sessions delivered across the region
✓ Disability awareness training was delivered to our customer service staff
✓ Installation of an accessible pathway at Billegetta
✓ Free microchipping in conjunction with CN’s responsible pet ownership program
✓ 18 targeted programs for local aboriginal communities, which attracted 146 participants
✓ Libraries support for Hunter Homeless Connect day event
✓ Act 4 SDGs Day – Youth Council
At CN we love animals

31,904 registered cats
44,309 registered dogs

We continue to grow with
1,363 dogs and 435 cats registered this year

At CN we love animals, we have Rangers, also known as Companion Animal Officers, on hand to keep our pets and residents safe. They provide coverage to the whole of the Newcastle LGA 365 days per year. Our team consists of six companion animal officers. They use a variety of community focused education and regulatory initiatives to achieve their responsibilities in accordance with the guidelines of the Companion Animals Act 1998.

There are a total of 44,309 dogs and 31,904 cats identified in Newcastle LGA, making it one of the largest pet ownership areas in NSW, and we continue to grow with an additional 1,363 dogs and 435 cats registered in the Newcastle LGA this year. We reunited 240 pets with their owners this year and have focused on community education regarding responsible pet ownership, promotional campaigns, free microchipping for dogs and education days. Pups in the Park is a free microchipping and educational event which was held at Lambton Park in December and was very popular with 32 dogs provided with microchips. A total of 367 proactive patrols were conducted throughout the LGA, including hot spot locations and regulation of our off-leash parks and Bathers Way.

Our regulatory actions involved responding to and investigating complaints regarding dog attacks, nuisance dog and cats, barking dogs and the regulation of declared dangerous, menacing and restricted dogs to ensure dog owners are complying with the control requirements under the Companion Animals Act 1998.

There were 206 pets transported to CN’s impound facility. If seized animals are not claimed by their owners, the animals are then transferred into the care of the RSPCA for adoption and re-homing. There were 232 dog attacks reported to CN during the 2018/19 financial year. In last case scenarios, some dogs are euthanised if their behaviour makes it unsuitable for them to be re-homed.

Dogs have been a priority in our city this year. The Dogs in Open Space Plan was designed to guide the provision, improvement and management of dog off-leash areas over the next 10 years. The plan was adopted by the elected Council in March 2019 and included the development of some strategically located fenced dog parks. This resulted in plans for several fenced dog parks including Lambton Park, Acacia Avenue Reserve North Lambton, Maryland Drive Reserve, Stevenson Park, Mayfield and O’Connell Reserve, Adamstown. In addition, part fencing of Islington Dog Park is suggested to improve the safety of dogs. Acacia Avenue Reserve has been designed to provide a separate area for small dogs and puppies or the ‘quieter dogs’. Further information regarding the Dogs in Open Space Plan can be found on CN’s website www.newcastle.nsw.gov.au.

Merewether Beach
Library and lifelong learning programming

Our Newcastle Libraries curated 2,292 learning and cultural experiences which engaged with 77,169 participants.

The Libraries delivered 2,285 library and lifelong learning programs which had 53,909 participants.

1,342 targeted children’s and youth programs, which attracted 35,695 participants, that’s a 31% increase in community uptake;

427 targeted small group and individual digital inclusion programs which attracted 534 participants, 408 of those were individual tech help sessions;

80 targeted local history programs, which attracted 766 participants, many of which were individual sessions;

18 targeted local aboriginal communities programs, which attracted 145 participants; and

11 targeted culturally and linguistically diverse (CALD) communities programs, which attracted 367 participants.

Libraries developed 35 active partnerships, collaborating to create new learning and cultural experiences across our ten service points. These partnerships enable the Libraries to grow the service offering within the existing resourcing.

Providing for inclusive communities

CN’s Disability Inclusion Action Plan is our way of defining how the organisation will make targeted and continual effort to reduce the barriers that people face when living, working and visiting the Newcastle LGA. It documents the steps CN will take in working towards (with regard to access and inclusion) the Newcastle 2030 Community Strategic Vision.

Some of our achievements are listed below.

Delivering building and infrastructure upgrades to improve accessibility is a key priority especially in relation to street crossings and street accessibility. We delivered 38 kerb ramps and in our pedestrian access and mobility (PAMP) and local area traffic management (LATM) we delivered 240m footpath, 33 kerb ramps (new and reconstructed), four kerb extensions, three raised crossings and one additional pedestrian leg at traffic lights.

Established a memorandum of understanding (MOU) with Write Up! to meet once a month in our Library community meeting spaces in exchange for activation activities and advice regarding provision of suitable services and activities for people living with a disability. (Write Up! is a non-incorporated group of people with disabilities which meets in the Lower Hunter region in a variety of venues to enhance the literacy, creativity and social agency of people with a disability and their careers).

Developed the Home Dignity Justice – An Australian Human Rights Commission Photographic Retrospective exhibition in collaboration with the Australian Human Rights Commission in the Newcastle Library Lovett Gallery on 13 December 2018. The exhibition contained works and stories of people living with a disability and sought to raise awareness and celebrate human rights. The exhibition was opened by Alastair McEwin, Disability Discrimination Commissioner. Auslan interpretation was provided at the exhibition opening event.

Collaborated with Community Disability Alliance Hunter (CDAH) to present the Living Books program “I’m more like you than you think” Hunter storytellers with disability as a component of the Home Dignity Justice – An Australian Human Rights Commission Photographic Retrospective exhibition in the Lovett Gallery on 13 December 2018.

Collaborated with Write Up! to present three Word Immersion workshops, An interplay between art and language for people of all abilities, on 10, 17, 24 January as a component of the Home Dignity Justice – An Australian Human Rights Commission Photographic Retrospective exhibition in the Lovett Gallery on 13 December 2018.

Consulted with St Vincent De Paul (NDIS provider) and Ability Links and various community members living with disabilities to understand contemporary community needs. Currently, in collaboration with the Hunter Community Legal Service to establish a program within the Library branches to provide People Living with Disabilities fortnightly assistance to complete forms (program to commence 2020).

Waste collection services also provide a service to residents called ‘bin assistance’ where customers (who meet the necessary medical requirements) have their bins placed out on the kerb and returned after collection.

Engaged with Accessible Arts to improve services and options for those wishing to access the Theatre.

Provided access to the Playhouse for arts activated workshop. This workshop presented knowledge and skills in how to improve access to Arts venues and projects.

Engaged a consultant to assist with AUSLAN accessible season shows for Civic Theatre.

Booked “Possum Magic” with AUSLAN interpreter (28 August). Booked 100+ seats for children, young people, teachers and families.

Purchasing customised ramps to improve wheelchair accessibility. These ramps can be utilised across the theatre and increases the number of wheelchair accessible spaces.

Established a web chat initiative to offer a more inclusive access point for those who have a physical and a hearing disability as it provides a service very similar to a conversation with a CSO (community services organisations), just over the web, and is fast and effective. Four lots of 4 week ‘BeConnected’ workshops held at City and Wallsend Libraries with a total of 87 attendees.
Individual Tech help drop in sessions held across multiple locations and digital literacy support provided to around 408 people.

Seniors week program held with targeted digital literacy programs – including 3D printing and augmented reality. 118 attended the LYND online learning platform which was introduced in March 2019. 313 learning sessions have now been accessed.

E-resource learning platforms were accessed over 30,700 sessions across a range of subjects to promote self-directed lifelong learning.

Inclusion space provided at NYE event.

Resources and information provided to staff and community on how to deliver inclusive events.

The delivery of an adult lift and change amenity at Nobbys.

Unity in diversity

The Newcastle Unity in Diversity Festival celebrated the cultural diversity of Newcastle in the spirit of inclusiveness and welcome. The festival coincided with National Refugee Week celebrations. Building upon the capacities of the refugee, multicultural and indigenous community, communities shared their culture through performances, workshops, stalls and food. It was an opportunity for diverse communities to connect with each other. Gregson Park Hamilton was utilised for the festival. The park is a well-known, safe and accessible public space with good public transport links. This accessibility encouraged attendance and provided a safe space to build upon social connections.

| Support the development of recreation and leisure opportunities and events | Parks and Recreation | ✔

| Promote awareness of the requirements of the Companion Animals Act with respect to the ownership of companion animals | Regulatory, Planning and Assessment | ✔

| Develop an integrated agency response policy to address the issue of animal hoarding and squatter within the community | Regulatory, Planning and Assessment | ✔

| Develop partnerships with involved agencies including RSPCA, Dept of Housing, Newcastle local health district and Fire and Rescue NSW | Regulatory, Planning and Assessment | ✔

**4.3 Local infrastructure**

- Continue to implement the disability inclusion action plan and work with our newly established disability inclusion advisory committee

- New or renewed infrastructure will be delivered in accordance with Disability Standards where practical

- Continuously upgrade CN’s assets to meet the requirements of the Disability Discrimination Act
Liveable Built Environment

An attractive city that is built around people and reflects our sense of identity.

Community Objective

5.1 A built environment that maintains and enhances our sense of identity
5.2 Mixed-use urban villages supported by integrated transport networks
5.3 Greater diversity of quality housing for current and future community needs
5.4 Sustainable infrastructure to support a liveable environment
What we did

New heritage conservation area for Hamilton Residential Precinct

For the first time in nearly 20 years, CN has created a substantial new heritage conservation area for the Hamilton Residential Precinct. On 21 June 2019 the State Government approved CN’s planning proposal to amend the Newcastle Local Environmental Plan 2012 to create a new heritage conservation area sitting between the existing Hamilton Business Centre Heritage Conservation Area around Beaumont Street and the Newcastle City Centre Heritage Conservation Area that extends to Selma Street in Newcastle West.

The new heritage conservation area is important in demonstrating the aesthetic characteristics in the Hamilton Residential Precinct that define the late Victorian and Federation periods in Newcastle’s development.

A walk through this area will show these features, which include late Victorian terraces and cottages, Federation cottages and bungalows in the popular styles of the time, Italianate, Queen Anne, Edwardian, California and Spanish Mission influences.

The Hamilton Residential Precinct being within a heritage conservation area will assist in delivering new development that complements the original character of the suburb.

City Hall facelift continues

Restoration of City Hall’s vehicle ramp and driveway reached the halfway mark before Christmas. The eastern part of the King Street ramp is now open to pedestrians, while conservation work continues on the western ramp as well as the façade above and on the northern side of the building. The distinctive ‘Yellowblock’ sandstone, excavated from a building site in George Street, Sydney, was used throughout.

Enhancement of CN’s online application tracking system

The new features include copies of the stamped plans being available for download and improved information on the processing of applications available online.

New West End plans

New dedicated green spaces, a cycle way connecting Wickham Park to Union Street and Hunter Street pedestrian crossings are among improvements to the West End Streetscape – stage 2 Masterplan.

A variety of projects to improve the city’s newly emerging CBD are included in the West End Streetscape – stage 2 Masterplan which went on public exhibition during March.

The stage 2 Masterplan follows the adoption of stage 1 in 2018 which includes plans to upgrade Birdwood and Little Birdwood Parks and Parry Street West. Together, the plans will support the growth of Newcastle’s new CBD and civic precinct.

Smart and Innovative

A leader in smart innovations with a prosperous, diverse and resilient economy.

Community Objective

6.1 A vibrant diverse and resilient green economy built on educational excellence and research
6.2 A culture that supports and encourages innovation and creativity at all levels
6.3 A thriving City that attracts people to live, work, invest and visit
Highlights of Smart and Innovative

More than 150 Smart Poles installed across our LGA

Celebrated at our major events
- 8,000 people celebrated the city’s diversity at Australia Day in Foreshore Park
- 30,000 people celebrated New Year’s Eve along our foreshore
- 35,000 people celebrated Anzac Day 2019
- 162,000 people celebrated Newcastle 500 2018

Total combined followers 130,693

4.13 million visitors

Over $1 billion in development investment for our city

Supporting our strategic directions

Our strategies and plans
- Smart City Strategy 2017-2021
- Economic Development Strategy 2016-2019
- Events Plan 2016-2019
- Destination Management Plan 2016-2019
- Newcastle Libraries Strategy 2019-2023

What we did

What is a smart pole?
We’re installing smart lighting poles across the city centre and the Beresfield local centre as part of the biggest roll out in Australia. More than 150 of the high-tech poles now stand in the East End, along Hunter Street, around Newcastle Interchange and elsewhere. Each fibre-connected pole serves as a source of free Wi-Fi, with a radius of about 100 metres per pole, providing coverage from the East End through to the Civic Precinct from this summer. They will also provide the technology for other smart city initiatives, such as dimmable lighting and traffic analysis. Future installations are scheduled along Hunter Street, King Street, Civic Park and West End as part of ongoing public domain upgrades. The smart poles and Wi-Fi are part of the Hunter Innovation Project co-funded by CN and the NSW Government.

Smart Moves Newcastle
Smart Moves Newcastle is a flagship innovation project funded through a Federal Government grant of $5 million. The project delivered smart city infrastructure and applications across four themes: Smart Mobility, Smart Energy, City Insights/Digital Infrastructure and Future Innovation Pipeline. This project has dramatically accelerated Newcastle’s transition as a smart city and centre of innovation and has established the concept of city as a living lab. The smart mobility suite of projects was recently awarded one of the best smart city initiatives in the Asia-Pacific winning an IDC (International Data Corporation) smart cities award.

Our achievements
- 4 IQ events series held
- 792 people participated in the IQ events this is an increase of 17%
- 150 smart poles installed
- Connect to free Wi-Fi at 60 of the City’s 150 smart poles
- The Newcastle Visitor & Convention Bureau generated $95M plus in economic impact to the city through business events
- $60,000 investment into marketing and trade activities to promote Newcastle as a business event destination
- Over 59 major bids and EOI’s responded to
- Over 8,000 delegate visits
- $65,000 contribution to operating costs from paid bureau members (bureau membership)
- Hosted one familiarisation tour with representatives from New Zealand
- Attended eight trade events with the purpose of promoting Newcastle as an event destination to core Meeting, Incentive, Conference and Events (MICE) clients
- Destination Newcastle distributed 8,500 city guides to key visitor sites
- Newcastle welcomed more than 27,000 passengers from 15 cruise ships between October 2018 and April 2019
Smart City program’s IQ Event Series

The Smart City program’s IQ Event Series had another successful season in 2018/19 with four events delivered in July, September and November 2018 and March 2019. Having established a strong reputation with the local innovation ecosystem in its first season, this year’s events had a key objective to reach new audiences to achieve expanded engagement with community regarding smart city initiatives and opportunities. Event registrations in 2019 were 792 an increase of 17% on 2017/18 (676) and a further 400+ names were added to the smart city database, indicating that more than half of attendees were attending for the first time.

Creative lighting displays

The smart poles also provide the capacity for future creative place-making lighting through modules and electrical supply capable of supporting controllable coloured lights and projectors. A prototype interactive creative lighting display was developed through a city-run hackathon and then supported through the Start-up Catapult project to pilot during the Hunter Innovation Festival. Held in Civic Park over five nights, Luna invited participants to play with lighting controls for coloured lighting in trees and had over 900 registrations from the community. Planning is underway for additional creative lighting installations through The Newcastle After Dark Strategy.

Free Wi-Fi launched

CN has now launched a free public Wi-Fi network in Newcastle’s East End. The City Wi-Fi network is one initiative of CN’s Smart City program designed to increase connectivity and information sharing between the community, business and the digital world. People can now connect to 60 of the CN’s 150 smart poles on their smart devices when they log on along Wharf Road, Watt Street and Shortland Esplanade.

Plans are in the pipeline to install more poles across the city, as well as Beresfield and Wallsend.

Surfest 2019

Sally Fitzgibbon and Alex Ribeiro claimed victory at the 34th annual Surfest in excellent conditions at Merewether Beach. Surfest 2019 attracted over 850 national and international competitors from 24 countries. The inaugural Barrelled Wine, Beer and Food Festival complemented the Surfest event, showcasing some of the best Hunter Valley Vineyards on the finals weekend.

Camp Shortland and King Edward Park took centre stage for Live at the Foreshore, Up Down and The Drop Festival attracting over 12,000 people into the city during the weekend. Not even the weather could dampen the spirit of the music fans listening to the likes of Leo Sayer, Angus and Julia Stone and The Bloody Beetroots.
2018 Newcastle 500
More than 162,000 people attended the 2018 Newcastle 500 showcasing the city to Australia and the world.

In conjunction with Newcastle Now and the Hamilton Business Chamber (HBC), CN delivered a series of activations for the event weekend under the banner Entertain Newcastle. Hamilton Super Start-up kicked off the festivities on the Thursday evening. According to the HBC, approximately 5,000 people attended Gregson Park for the driver signing and Beaumont Street driver cruise. Entertain Newcastle activations at The Mall, Civic Park, Darby Street and Newcastle West were well received with mainly positive feedback from the business community.

Open and Collaborative Leadership

A strong local democracy with an actively engaged community and effective partnerships.

Community Objective

7.1 Integrated, sustainable long-term planning for Newcastle and the Region
7.2 Considered decision-making based on collaborative, transparent and accountable leadership
7.3 Active citizen engagement in local planning and decision-making processes and a shared responsibility for achieving our goals
7.4 A local government organisation of excellence
Highlights of Open and Collaborative Leadership

7,344 visitors to our customer counter

131,590 calls taken on 4974 2000

3,315 participated in our quarterly community surveys

152 seconds average wait time for the Customer call centre

77% customers rated face to face contact with CN as good or excellent

Average customer satisfaction quarterly survey results

19,390 visitors to our engagement site

Supporting our strategic directions

Our strategies and plans
- Open and Transparent Governance Strategy 2017
- Information and Communication Technology Strategic Plan 2018 – 2020 (ICT Strategic Plan)
- Asset Management Strategy 2018 – 2027
- Aboriginal Employment Strategy 2013 – 2017
- Long Term Financial Plan 2018 – 2027
- Workforce Management Plan 2018 – 2022

What we did

- Council adopted new or revised policies including
  - Councilors Expenses and Facilities Policy
  - Effective Communication Between Councillors and Staff Policy
  - Investment and Borrowing Policy
  - Internal Reporting - Public Interest Disclosures Policy
  - Media Policy
  - Community Engagement Policy
  - Outdoor Trading Policy
  - Mobile Food Vending Vehicles - Local Approvals Policy
  - Compliance and Enforcement Policy

Our achievements

- Adopted a Code of Conduct for Councillors
- Adopted a Code of Conduct for staff
- Adopted a Code of Conduct for Council Committee Members, Delegates of Council and Council Advisors
- Adopted a Procedure for Administration of the Code of Conduct
- Introduction of paperlite initiatives to become a paperlite organisation
- Maintained 560 fleet and plant vehicles with Approximately 6,500 repairs and services completed
- 619 staff completed our wellbeing survey
- Queue call-back feature has been implemented on CN’s main phone line
- 10,900 pensioners received a concession on their rates and 111 business ratepayers received rate assistance
- 167 media releases issued
- We have launched a new Facebook Group - Newcastle Have Your Say
- 152 seconds average wait time for the Customer call centre
Our Budget
Forecasting a $11.95 million budget surplus with a strong focus on projects delivering environmental outcomes, the $297 million 2019/20 Our Budget was placed on public exhibition on Wednesday 17 April to Friday 24 May 2019 and adopted by Council on the 25 June 2019. Highlights of the 2019/20 Our Budget are the $32m investment in environmental sustainability through the delivery of key initiatives at the Summerhill Waste Management facility.

Public exhibition period highlights include:

- 24,700 views on Our Budget video posted on social media;
- 827 visits to our engagement site;
- total engagement 1,117 (share, reactions and comments);
- 24 submissions were received with 32 matters raised.

Voice of the customer
CN have introduced a mini pilot of a Voice of the Customer (VOC) campaign. A VOC approach is common in most organisations that want to have their finger on the pulse of their customers’ experiences. It is a research method used to highlight customer needs and requirements by highlighting what customers are saying about a business, product or service and packaging those ideas and feedback into an overall perspective of the brand.

Now most VOCs involve collection of a statistically significant sample of calls and each call is transcribed word for word and then analysed for insights, sentiments and trends. Our mini version includes the following:

- Sample of approximately 80 calls per month (randomly selected as part of our existing monthly call quality monitoring program);
- Call type / description of the call, with request number if applicable;
- Name of relevant Service Unit;
- Overall Demand (sentiment) of the customer call being either:
  - Reflective of value (i.e. the reason for the customer’s call is to seek a service/make a request, gather information or offer a compliment);
  - Reflective of failure (i.e. the reason for the customer’s call is to advise of a breakdown in expected service levels, dissatisfaction with service or to make a complaint); and
- Verbatim Quote from customer which captures their demand sentiment or reason for contacting CN.

We have achieved an average 78% ‘value’ result

CN updated our community on infrastructure projects happening in our city
It’s important to keep our community up to date on all the infrastructure projects happening around their neighbourhood and in our city. We use print media, signs, social medial updates, letter drops and flyers to keep our residents informed and knowing about the following activities happening in their area:

- Renewal works
- Traffic improvements
- Exercise equipment installation
- Road safety improvements
- Road works
- Stormwater improvements
- Road and drainage renewal
- Road resealing works
- Laneways drainage works
- Pedestrian safety projects
- Building demolition
- Street Traffic signals
- Beach maintenance work

Web chat
The Customer Contact Centre commenced a pilot program introducing web chat to CN’s website. The community can now chat with a Customer Service Officer during operating hours. All conversation transcripts are recorded in CN’s corporate record management system and appropriate requests logged for action.

Customers have been providing very positive feedback on their experience.
7.1 Integrated, sustainable long-term planning for Newcastle and the region

Long Term Financial Plan

Our Long Term Financial Plan (LTFP) is an integral document in the Local Government Integrated Planning and Reporting (IPR) Framework. The LTFP is used to demonstrate the financial impacts of providing services and assets to the community. The services and assets to be provided are identified through the annual budget process, which draw direction from our suite of corporate planning documents including Newcastle 2030 CSP, Service Asset Plans and the Workforce Management Plan.

The LTFP has been updated with figures from the 2019/20 annual budget process. Our operating position is projecting surpluses for the duration of the forecast, the trend emerging of a continual surplus reflects a positive pattern of financial performance.

To ensure this positive operating trend is realised, a strong organisational focus on financial responsibility is required. A continuous operating surplus is necessary to support our long term financial sustainability and to generate funding to facilitate key goals such as the delivery of our priority projects as per CN’s 2012 SRV application, ensure we are able to respond to the community’s needs and to fund an increase in asset renewal.

Our Financial objectives remain the same

Maintain a net operating surplus

Each financial year, the budget will maintain a net operating surplus before capital grants and contributions. This will be controlled through strong financial governance and budget management.

Renew and maintain assets within a sustainable range

The funding allocated to the annual asset renewal program will be programmed to be aligned to the equivalent level of depreciation per asset class. Funding will also be applied to asset maintenance programs to the levels required in the Asset Management Strategy and asset service plans.

Financial legacy

The LTFP ensures that the financial decisions made by Council and CN management, creates and safeguards the financial legacy of CN. A legacy of being prudent and responsible.

Maintain a strong cash and liquidity position

Financial stability will be maintained by a strong cash position inclusive of cash reserves managed in accordance with policy. A strong cash and liquidity position also assists with the ability to generate revenue whilst also ensuring there are sufficient assets available to cover both our current and long term liabilities.
We expanded our asset management planning through the delivery of a ten-year Asset Management Strategy with plans for 28 asset-based services. The Asset Management Policy, Strategy and Plans are integral documents in the Local Government Integrated Planning and Reporting Framework, informing the Long Term Financial Plan and Workforce Management Plan.

Our asset management goals are to proactively manage our assets from a lowest whole-of-life cost perspective in accordance with recognised industry practice whilst meeting agreed levels of service; and to continuously improve our asset management systems.

To guide us forward, there are 12 service asset management key strategies emerging from the 2018/19 planning process:

<table>
<thead>
<tr>

* City Innovation and Sustainability is a new initiative implementing infrastructure into the future. Currently reflects the progressive development of digital and technology assets. The foundation technologies and platforms are primarily in design, deployment and commissioning phases, with full potential yet to be realised for either organisational capability or community benefit. For example, progressive deployment of public Wi-Fi linked to smart pole installation means it is currently deployable in pockets. The final outcome is city centre and priority local centres coverage. Likewise, the city fibre network currently being deployed that will soon link the CBD buildings and provide a digital communications back bone to the city. The services that can operate on this fibre network and yet to be deployed. The service is moving towards a 5-star service delivery rating that will accurately reflect the quality and leading-edge nature of the City’s new embedded technology and data platforms.
Our people play an essential role in the successful delivery of our services to our community. The new 2018-2022 Workforce Management Plan is the key human resources plan for CN to deliver and support our Newcastle 2030 CSP.

Our plan

Over the next four years, we are seeking to transform into a smart, people-centric organisation as we attempt to deliver improved service levels in a way that is sustainable and within approved budgetary and resource allocations. Identified challenges for our workforce over the next four years include:

- **Attract and retain a high quality, committed workforce**
- **Facilitate a culture of Cooperation, Respect, Excellence and Wellbeing**
- **Invest in the capabilities of our people**
- **Plan for our future workforce needs**

This plan builds on earlier workforce planning and resourcing strategies and is underpinned by four strategic priorities which aim to:

- Attract and retain a high quality, committed workforce
- Invest in the capabilities of our people
- Facilitate a culture of Cooperation, Respect, Excellence and Wellbeing
- Plan for our future workforce needs

Our Workforce Management Plan outlines how we aim to recruit, train, manage and develop our people through actions supporting our strategic directions for Newcastle and our organisation.

**Key achievements for 2018/19**

**Attracting and retaining talent**

The web-based onboarding platform of Myjoboffer is in its final stages ready to progress with implementation. This new onboarding platform will provide not only a positive onboarding experience for the candidate but will also provide efficiencies when processing new employee information.

The Salary System Review project is progressing well with work completed on the selection of a new Job Evaluation System. Work will continue in relation to analysing benchmarking data and establishing required future state.

**Investing in the capabilities of our people**

Development of the Performance Management Framework is linked to the current Salary System Review. Work is progressing well through the Salary System Review Project, with further benchmarking and analysis required.

Two accredited leadership programs commenced at CN this year, BluePrint - offering a skillset in CertIV Leadership and Management for 24 participants and the LEAD program - offering a skillset in Diploma Leadership and Management for 20 participants.

**Facilitating a culture of cooperation, respect and wellbeing**

122 participants have attended culture workshops to help enhance our organisational culture and build courage, trust and pride.

An employee pulse check and wellbeing survey has been conducted with the creation of employee focus groups to drive initiatives enhancing our employee experience.

619 employees completed a wellbeing survey.

**Plan for our future workforce needs**

Training and Learning have commenced the mid-year recruitment drive to increase CN’s cohort of apprentices and trainees, undergraduates and graduates to align with critical job areas and retirement trends across the organisation. The plan is to increase our apprentice and trainee cohort by 28% (seven new places); and our cohort of undergraduates and graduates by 140% (five new undergraduates and two new graduates).

Implementation of Service Unit Plans continues across the organisation to promote efficiency, productivity, team collaboration and a focus of delivering improved services to our community.
Financial performance

CN spent around $296 million this year to provide services and facilities to more than 160,000 people. We managed $2 billion worth of assets including roads, bridges, halls, lands, recreation and leisure facilities, drains, libraries and parks.

We generate income to fund services and facilities via rates on property, government grants, interest on investments and user charges.

This income is then spent on construction, maintenance, wages, grants to the community, and other services to the community like libraries, pools, art gallery and waste facilities.

The following information aims to provide a brief summary of our 2018/19 financial statement.

For every $100 CN spends the following:

- $12 on governance
- $18 on managing waste
- $7 on engaging and serving the community
- $3 on investing in our people
- $7 on cultural facilities
- $5 on airports
- $15 on maintaining our facilities
- $12 on strategy and smart city
- $11 on looking after our environment
- $12 on maintaining our roads and footpaths
Expenditure by strategic direction

- Integrated and Accessible Transport $51.9m
- Protected Environment $87m
- Vibrant, Safe and Active Public Places $84.5m
- Inclusive Community $4.8m
- Smart and Innovative $8.5m
- Liveable Built Environment $8.6m
- Open and Collaborative $50.4m

Our works expenditure

- $20m buildings, structures and places
- $18.5m roads
- $14.4m transport
- $17m strategic
- $7.2m environment
- $4.2m fleet replacement
- $6.3m stormwater
- $4m information technology

Where did our money come from

This year, our main source of income other than rates, was from user charges and fees of $90 million or 27% (2017/18 $86 million or 28%). Income from rates and charges contribute $172 million or 51% (2017/18 $159 million or 51%). Federal and State Government grants and contributions assist us to provide facilities and services in the community. This year we received $47 million or 14% (including capital and operational).

How does our financial performance compare with previous years?

Achieving financial sustainability has been a key objective of CN. This has been an ongoing process and many initiatives have been undertaken to position us to maintain financial sustainability in the long term. Due to our efforts, we have been able to achieve an operating surplus for the past six years.

Our operating result before capital (excluding capital income/grants as this money is restricted to capital expenditure only) is a surplus of $9.4 million. This indicates that we have enough money to cover the day to day costs to run CN.

Operating result before capital ($’000)

- 1,000 2,000 3,000 4,000 5,000 6,000 7,000 8,000 9,000 10,000

2018/19 2017/18 2016/17 2015/16
Where was the money spent?

Our total operating expenditure of $296 million contributes towards our services to the community such as community and cultural facilities including libraries, Newcastle Art Gallery, Civic Theatre, The Playhouse, community centres and Newcastle Museum, waste management, parks, recreation and sporting and our beaches.

We have increased our capital works expenditure significantly in the past two years. $8.7 million increase from 2016/17 and a $27 million increase from 2015/16. Our goal being to balance infrastructure renewal with revitalisation projects to meet the higher community expectations that come with sustained growth.

We delivered a record $91.6 million in capital works projects including:

- construction of the playground at Blackbutt's Richley Reserve and the South Stockton Active Hub;
- a new glass pavilion and gym in the Clarke Grandstand at Merewether's Mitchell Park;
- removal of Queens Wharf Tower;
- upgrade of Carrington local centre;
- refurbishment of Beresfield Library;
- road and drainage rehabilitation at various locations including Merewether, The Junction, Newcastle CBD, New Lambton and Lambton;
- pedestrian crossing upgrades in Mayfield, Adamstown, Elermore Vale, Kotara, Rankin Park, Tighes Hill and Waratah;
- road widening at Minmi Road Wallsend and resurfacing projects across the LGA;
- expansion of the Summerhill Waste Recovery Centre; and
- restoration of City Hall and renewal of the Beresfield Local Centre have rolled on into the new financial year.

## Financial performance measures

These key metrics are used to evaluate our overall financial condition and were also used as a basis for assessing us as financially fit for the future.

<table>
<thead>
<tr>
<th>Metric</th>
<th>Definition</th>
</tr>
</thead>
<tbody>
<tr>
<td>Operating performance ratio</td>
<td>This ratio measures CN’s achievement of containing operating expenditure within operating revenue. It is important to distinguish that this ratio focuses on operating performance. Capital grants and contributions, fair value adjustments and reversal of revaluation decrements are excluded.</td>
</tr>
<tr>
<td>Own source operating revenue ratio</td>
<td>This ratio measures fiscal flexibility and the degree of reliance on external funding sources such as operating grants and contributions. CN’s financial flexibility improves the higher the level of its own source revenue.</td>
</tr>
<tr>
<td>Unrestricted current ratio</td>
<td>The unrestricted current ratio measures CN’s ability to meet its obligations (current liabilities) using current assets.</td>
</tr>
<tr>
<td>Debt services ratio</td>
<td>This ratio measures the availability of operating cash to service debt including interest, principal and lease payments.</td>
</tr>
<tr>
<td>Rates and annual charges outstanding</td>
<td>This ratio assesses the impact of uncollected rates and annual charges on liquidity and the adequacy of recovery efforts.</td>
</tr>
<tr>
<td>Cash expenses cover ratio</td>
<td>This liquidity ratio indicates the number of months a Council can continue paying for its immediate expenses without additional cash inflow.</td>
</tr>
</tbody>
</table>

Sustainable Development Goal performance

Key initiatives contributing to the United Nations Sustainable Development Goals 2018/19

The table below illustrates initiatives undertaken by City of Newcastle during the 18/19 financial year that supported achievement of the Sustainable Development Goals (SDGs).

To ensure we continue to support our communities’ vision for a smart, liveable and sustainable global city, it is important that we apply this global framework, of which Australia is a signatory.

SDG 11: Sustainable Cities and Communities, which aims to make cities and human settlements inclusive, safe, resilient and sustainable is a key initiative for local governments, however all SDGs have targets directly or indirectly related to our work.

These global goals are significant and will take time to achieve, however it is important to recognise the steps we are taking to progress these goals. This is our first-year reporting against the SDGs, our intention is to continually improve our reporting in this area.

Gender Equality
Open and Collaborative Leadership
- Safety campaign against domestic violence in partnership with Got Your Back Sista
- Major event sponsorship for Network of Women Students Australia
- 50% (13) of our leadership group are women
- 42% of our supervisors and managers are women (Management level 1 to 5)
- Equal Employment Opportunity (EEO) employer

 Protected Environment
Smart and Innovative
- Water sensitive city (stormwater management) implementation
- Design and maintenance of stormwater drainage
- Creeks and waterways erosion and sediment control
- Nobbys Beach was voted cleanest beach (quarterly community survey)

 Affordability and Clean Air
Liveable Built Environment
Smart and Innovative
- 14,500 solar panels installed at Summerhill Waste Management solar farm
- Museums solar roof wins Climate Council award
- An E-Transit hub at No.2 Sportground
- Purchased electric cars for its fleet

 Decent Work and Economic Growth
Liveable Built Environment
Smart and Innovative
Open and Collaborative Leadership
- The economic development program contributed $99,000 to ten projects and events
- The sponsorship and grants program sponsored events and provided grants to the value of $520,000 e.g. Wallsend Winter Fair and Super Moto
- 1,287 Development Applications were approved
- Our financial health check in the positive with a $94 million operating surplus
- Employs over 1,200 staff
- 350 volunteers contributed more than 26,700 volunteer hours

 Integrated and Accessible Transport
Open and Collaborative Leadership
Smart and Innovative
- $8.1 million allocated to Smart City initiatives, e.g. 150 smart poles installed and free public Wi-Fi across the East End and City Centre
- Sponsorship of major events, e.g. Newcastle China Festival and Nanomaterial Conference
- Spent $91.6 million on capital works, including $26 million on the renewal of the City’s infrastructure assets

 Vibrant, Safe and Active Public Places
Liveable Built Environment
Smart and Innovative
- Provision of services and facilities to more than 160,000 people
- Community events: Wallsend Community Carols and Neon New Year (inclusive event), Harmony Day Festival
- Sponsorship of major events, e.g. Newcastle Pride Festival and Newcastle China Week
- CN Committees, e.g. Advisory Committees, including Disability Inclusion Advisory Committee, Guraki Aboriginal Advisory Committee and Youth Council Committee
- Provision of community and cultural facilities for all, including libraries, Newcastle Art Gallery, Civic Theatre, the Playhouse, community centres and Newcastle Museum
- Regular community engagement, e.g. quarterly community survey
- Equal Employment Opportunity (EEO) employer
Integrated and Accessible Transport
Newcastle walking and cycling festival and Tweed ride celebrating bike week
Committees, e.g. Parks and community facility committees
Construction and maintenance of 3,500 kilometres of roads, footpaths, drainage, and kerbs and guttering
Assessing residential and commercial development applications
Maintenance of parks, sporting fields, pools and beach facilities
Strategic planning (long-term planning)
New heritage conservation area for Hamilton
Make your place grants delivered 20 projects worth a total of $51,900
$172 million raised in rates and $47 million received in grants and subsidies

Vibrant, Safe and Active Public Places
Support for and provision of community gardens
1,973 tonnes of bulk waste collections
Partnership between Newcastle Youth Council and the UoN United Nations Society for an Act 4 SDGs Day event aimed at raising awareness and education within the community regarding SDGs
1,500 environmental health inspections
Purchased electric cars for our fleet

Inclusive Community
Assessing residential and commercial development applications

Liveable Built Environment

Smart and Innovative

Protected Environment
Increase awareness and change waste management behaviours and water pollution
Design and maintenance of stormwater drainage
Creeks and waterways erosion and sediment control
Endorsed the UN Environment Clean Seas campaign to phase out single-use plastic from city-managed enterprises, activities and events on city land by 2020.

Life Below Water
Increase awareness and change waste management behaviours and water pollution
Design and maintenance of stormwater drainage
Creeks and waterways erosion and sediment control
Endorsed the UN Environment Clean Seas campaign to phase out single-use plastic from city-managed enterprises, activities and events on city land by 2020.

Life On Land
249,273 tonnes of waste through the Summerhill Waste Management Centre
22,113 tonnes of recycled waste
Maintenance of 14 kilometres of spectacular coastline, almost 100,000 street trees and more than 400 parks, reserves and wetlands
995 incidents of illegal dumping clean-ups performed
City-wide planting drive to celebrate World Environment Day

Climate Action
Park and Ride took 32,050 cars off inner-city streets
Whale tale discovery talks along the Bathers Way coastal pathway as a great vantage point to spot the humpback whale
An E-Transit hub at No.2 Sportsground is a completely self-sustaining site capable of charging three electric vehicles and powering the sportsground lights and other facilities

Sustainable Cities and Communities
Integrated and Accessible Transport

Vibrant, Safe and Active Public Places

Inclusive Community

Liveable Built Environment

Smart and Innovative

Partnerships for the Goals
Sponsorship programs that support partners to deliver key programs and events, e.g. economic development and major event sponsorship
CN’s community impact program supports local not for profit groups e.g. Got Your Back Sista
Councillor and officer’s participation in Cities Leadership Institute, International Smart Cities Exchange and UN Global Compact Cities Program

Open and Collaborative Leadership

The Integrated Planning and Reporting (IPR) framework, which includes this report provides open and transparent information about organisational activity
SDGs reporting
Moving to a more efficient and effective working environment to better serve our community

City-wide planting drive to celebrate World Environment Day
Our Statutory Reporting
Our accountability

Special Rate Variation (SRV)  Section 508 (2) and 508A

2012 SRV

In 2012, CN successfully applied for a section 508(2) SRV of 5% above the rate cap for one year. The variation occurred in the 2012/13 financial year increasing the base rate charge. The 2012 SRV was granted for works of a capital nature for specific projects, these are to the right.

Since the introduction in July 2012 the special rate has raised $38.2 million, with $6.8 million being raised this year. This revenue is placed in a restricted reserve to fund the projects outlined in the 2012 SRV application only.

Almost $3 million was spent this financial year on the top four priority projects with the majority of funding being used for coastal revitalisation.

In total, $57.5 million has been spent to date on these capital projects. 2019/20 financial year will include spending a further $4.2 million on the 2012 SRV priority projects.

- Upgrading Blackbutt Reserve
- Providing new cycleways
- Improving our swimming pools
- Modernising our libraries
- Expanding our Art Gallery

Cumulative Income
- Cumulative Expense

![Graph showing Cumulative Income and Cumulative Expense for 2012 SRV projects]
The 2015 SRV was approved by IPART in May 2015 for a special rate variation over five years to 2019/20. For 2018/19 our SRV was 5.7% above the rate peg.

This revenue provided by the 2015 SRV has been critical to ensure we achieve financial sustainability. It has also allowed us to accelerate the completion of our priority projects and capital works program as well as fund critical infrastructure renewal projects.

Over $72 million has been raised from the 2015 SRV since the introduction in July 2015, with $31 million raised this year. These funds were used to maintain another year of financial sustainability and a balance of infrastructure renewal and revitalisation projects with a $9.4 million surplus and a $91.6 million capital works program achieved this financial year.

Some funds have been applied to improving our services and associated assets of which a total of $2.9 million has been spent in 2018/19 and over $11 million has been spent since the introduction of the 2015 SRV.

Environmental Planning and Assessment Act
Planning Agreements in force 1 July 2018 – 30 June 2019

1. Newcastle Urban Rail Transformation Program Planning Agreement
   Parties: CN and Hunter Development Corporation
   Date of Execution: 24/04/2018
   Land to which the PA relates: Lot 2 DP 1226545
   Description: Embellishment of open space to create a new Civic Link, Darby Plaza and expanded Foreshore Park

2. The Verve Residential Development Planning Agreement
   Parties: CN and Windham Developments Pty Limited
   Date of Execution: 07/05/2019
   Land to which the PA relates: Lot 3 DP 593753 and Lot 2 DP 81601, 464-470 King Street, Newcastle
   Description: Dedication of the land and the works required to complete the construction of a pedestrian / cycle link between King Street and the northern extremity of Lot 3 DP 593753.

3. 5 Hall Street Maryville – Velocity Planning Agreement
   Parties: CN and Cape Wickham Pty Ltd
   Date of Execution: 10/04/2019
   Land to which the PA relates: Lot 100 DP 746334, 5 Hall Street Maryville
   Description: Replace existing 2.5m cycleway with new concrete 3.0m cycleway along foreshore and provision of dedicated walkway adjacent to cycleway including handrails / seating / lighting.

Legal proceedings
Regulation cl 277(1)(a3)
Expenses incurred
During 2018/19 the total of legal expenses in relation to legal proceedings incurred by CN was $74,784.
Of this, the monies expended undertaking litigation and the amounts paid in settlement of costs claims were:
Amount expended undertaking litigation: $72,584
Amount paid in settlements of costs claims: $2,200

Local court
Prosecutions and appeals
Legal proceedings in the Local Court include prosecutions by Council, usually concerning failure to obtain or comply with orders or development approvals issued by Council. Areas of prosecution range from unauthorised works to failure to comply with animal control orders or clean-up notices. Defendants may appeal any decisions made by the Local Court in relation to prosecutions.

Prosecutions: In 2018/19 Council commenced six Local Court prosecutions.
One matter was acquitted
One matter was dismissed
Four matters are yet to be finalised.

Appeals: There were no appeals lodged with the Local Court.

Court elected penalty notices
Legal proceedings in the Local Court also include enforcement of penalty notices. Court elected parking penalty notices are dealt with by the police prosecutors (except in special circumstances where Council may deal with a matter directly, for example, if the defendant is a Police Officer). For all other court elected penalty notices, Council’s Legal Services Unit will review and determine whether the matter should proceed in the Local Court or whether the penalty notice be withdrawn.

In 2018/19 Council was involved in:
Three cases where the recipient of a penalty notice had court elected and the matter was subsequently withdrawn.
Two cases where the recipient of a penalty notice had court elected and Council was successful, and the offence was proven.
Land and Environment Court

Class 1 appeals

Class 1 appeals in the Land and Environment Court are related to environmental planning and protection appeals. This includes appeals on the merits only against refusals, or deemed refusals, of development consents or conditions of development consents.

Eleven Class 1 appeals were lodged in the Land and Environment Court against Council in 2018/19 and were determined in 2018/19.

- Five matters were settled by a section 34 agreement between parties
- Four matters are yet to be finalised
- One matter was discontinued
- One matter received a Judgment by a Commissioner of the Land and Environment Court, the appeal was upheld

Class 4 appeals

Class 4 applications in the Land and Environment Court relate to environmental planning protection and development contract civil enforcement. This includes breaches of planning law or breaches of conditions of development consent, and proceedings which question the legal validity of consents or refusals of consent issued by Council.

Zero Class 4 appeals were lodged.

New South Wales Civil and Administrative Tribunal

The one application relates to appeals against decisions made under the GIPA Act (Government Information (Public Access) Act 2009).

One matter received a decision by the NCAT Appeal Panel on 29 October 2018, further release of information was ordered.

Public Interest Disclosures Public Interest Disclosures Act 1994 Regulation

CN has an Internal Reporting - Public Interest Disclosure Policy (Policy) which is developed in accordance with the Public Interest Disclosures Act 1994 (PID Act). The PID Act sets out the system under which people working within the NSW public sector can make reports about wrongdoing of other workers in the NSW public sector (such as all CN officials).

Public Interest Disclosures: Statistical information

During 2018/’19 the following disclosures were made under the Policy:

- Number of public officials who made Public Interest Disclosures: 0
- Number of Public Interest Disclosures received: 0
- Of Public Interest Disclosures received, the number primarily about:
  - Corrupt conduct: 0
  - Maladministration: 0
  - Serious and substantial waste: 0
  - Government information contravention: 0
- Number of Public Interest Disclosures finalised: 0

Details on how CN met its obligations in 2018/’19

We adopted our current Policy in October 2018.

The Policy:

- Incorporates the relevant provisions of the PID Act and the NSW Ombudsman’s Model Internal Reporting Policy – Public Interest Disclosures 2013.
- Encourages and facilitates the disclosure of wrongdoing by providing a framework for receiving, assessing and dealing with disclosures of wrongdoing in accordance with the PID Act and ensuring CN complies with the PID Act.
- Clearly defines the roles and responsibilities of the CEO, Lord Mayor, Disclosures Coordinator, Disclosures Officers and CN Officials.
- Identifies 29 Disclosures Officers from diverse work areas and locations across the organisation who support people making a disclosure.
- Aligns with the strategic direction of Open and Collaborative Leadership in CN’s Community Strategic Plan. In particular, it achieves action 4.4: ‘Council takes steps to ensure it appropriately identifies and manages serious wrong-doing’, as set out in the Open and Transparent Governance Strategy.

Our Chief Executive Officer has acted to ensure staff are aware of the Policy by:

- Arranging for representatives from the NSW Ombudsman to attend and provide training to Public Interest Disclosure Officers and other staff at least every two years.
- Making our Policy and supporting documentation, including a factsheet and frequently asked questions, available to staff on the intranet.
- Arranging for regular messages containing Public Interest Disclosure Information to staff via our staff e-newsletter.
- Creating awareness about the Policy and the protections available under the PID Act for people who make a disclosure.
- Incorporating information about the Policy to new staff as part of its induction program.
Stormwater levies and charges Regulation CL217(1)(a)

CN received a total of $1,963,691 in stormwater Management Service Charge (SWSC) funds. We also dedicated the annual baseline amount $640,000 specifically to SWSC eligible project funding. These two funding sources explicitly allocated $2,623,691 to eligible stormwater projects.

During the 2018/19 financial year CN conducted an extensive stormwater program which included 46 projects dedicated to stormwater drainage works and services resulting in total program expenditure of $6,277,017. Of these 46 projects, 37 were eligible to have the SWSC applied. The total expenditure on the eligible SWSC projects totalled $5,685,139 for the 2018–2019 financial year.

CN’s total investment in 2018/19 in stormwater rehabilitation delivered a wide range of stormwater activities, including:

- Asset renewal and creation, with approximately 1,200m of pipelines, 87m of culverts, 1,500m of swales, 94 pits, 12 stormwater quality improvement devices (SQIDs), 2 tide control devices;
- Trenchless technology used to renew 863m of pipelines;
- Stormwater program projects successfully completed at:
  - Unnamed Laneway, Stockton
  - Kimian Avenue, Waratah West
  - Patrick Street, Merewether
  - Westwood Avenue, Adamstown Heights
  - Boronia Avenue, Adamstown Heights
  - Howden Street, Carrington;
- Audit and condition assessment of gross pollutant traps (GPTs) in Fletcher;
- Approximately 220 proactive erosion and sediment control inspections were performed; and
- Approximately 55 Business Pollution Prevention program audits were performed.

The actual expenditure also reflects the investment in detailed design for the construction of large-scale retrofitting of urban catchments, including Cooks Hill and Merewether. These works involve whole of street stormwater drainage works, which have begun construction such as Swan Street, Cooks Hill and Council Street, Cooks Hill or are scheduled for construction in future years.

A number of other designs were also actioned in 2018/19 to be implemented in the forward program, such as Smith Street, Merewether and Beaumont Street, Islington.

In addition to the SWSC delivery, CN also conducted catchment investigations, condition inspections and modeling works to ensure investments in future programs are informed and effectively delivered.

<table>
<thead>
<tr>
<th>Projects 2018/19</th>
<th>Outcome</th>
</tr>
</thead>
<tbody>
<tr>
<td>Citywide – trenchless technology drainage rehabilitation</td>
<td>This project delivered the effective renewal of 863m of stormwater pipeline using trenchless technology in 2018–19</td>
</tr>
<tr>
<td>Various headwalls – rehabilitation</td>
<td>Construction of the outlet at Boronia Avenue, Adamstown Heights was completed as well as outlet controls at McCarthy Street, Mmns. Design and construction were completed for Kimian Avenue, Waratah West and Westwood Avenue, Adamstown Heights</td>
</tr>
<tr>
<td>Stockton Laneways – Infiltration at unrelieved sags</td>
<td>Design and construction were completed for unannounced laneway between North Street and King Street where 5 infiltration devices were installed. The sealing of the laneway is scheduled for 2019–20. Design was also initiated for another two laneways to be constructed in 2019/20</td>
</tr>
<tr>
<td>Howell Street Kotara – drainage rehabilitation</td>
<td>Design was completed for the upgrade of the culvert under Howell Street Kotara and open channel works. Construction will be undertaken in future financial years along with associated road works</td>
</tr>
<tr>
<td>Water sensitive city implementation</td>
<td>Council has continued in its role as participant in the CRC for Water Sensitive City. This has offered free capacity building workshops and conference seminars that have delivered expanded staff skills and knowledge base and improved current work output</td>
</tr>
<tr>
<td>Swan St Cooks Hill – drainage construction</td>
<td>Major construction works are underway between Darby Street and Mosbri Crescent for extensive drainage improvements. Ongoing investigation and design works are underway to finalise the works where they connect to existing drainage in Darby Street</td>
</tr>
<tr>
<td>Water quality device – rehabilitation</td>
<td>Audit and condition assessment of a selection of small GPTs throughout Fletcher to assess the maintenance and functionality of these devices. Proactive vegetation maintenance and basic inspections for over 4.8km of vegetated bioswales. This project is critical to the ongoing protection of the LGA’s creeks, rivers and ocean</td>
</tr>
<tr>
<td>Sanctuary Subdivision – remediation of stormwater drainage</td>
<td>The majority of on-ground works were completed in the 2018–19 financial year. These works aim to improve the visual amenity of the rock lined channels and improve the overall conveyance capacity to meet Council and community expectations</td>
</tr>
<tr>
<td>University Drive Waratah West – catchment rehabilitation</td>
<td>Investigations were completed to determine a feasible and cost-effective solution to replace the existing culvert located under the cycleway. Design programmed to be delivered in 2019/20 financial year</td>
</tr>
<tr>
<td>Creeks and waterways – inspect erosion and sediment control</td>
<td>A successful financial year of Erosion and Sediment Control (ESC) inspections across the LGA were conducted. Approximately 220 proactive inspections of construction sites of sizes ranging from individual lots through to large subdivisions were conducted</td>
</tr>
<tr>
<td>Beaumont Street Islington – drainage design and construct</td>
<td>Design for infiltration pits in Beaumont Street Islington was completed in 2018–19. This will significantly reduce the water ponding at the intersection of Matraville Road</td>
</tr>
<tr>
<td>Croudace Road Elermore Vale – stormwater design and construction</td>
<td>Design is complete and construction commenced for a culvert and kerb inlet pit works in Croudace Road, Elermore Vale. Works will be completed in early 2019–20 and will improve drainage conveyance from this main road</td>
</tr>
</tbody>

### Total rates and charges written off

**Regulation cl 132(5)**

The total rates and charges written off was $1,215,058.

**Government Information (Public Access) Act (GIPA Act)**

**Review of proactive release program – Clause 7(a)**

Under section 7 of the GIPA Act, agencies must review their programs for the release of government information to identify the kinds of information that can be made publicly available. This review must be undertaken at least once every 12 months.

Details of the review carried out by the agency under section 7 (3) of the Act during the reporting year and the details of any information made publicly available by the agency as a result of the review.

City of Newcastle undertook the following initiatives as part of the review of its proactive release program for the reporting period:

- Increased use of social media to share information;
- Monitoring matters of public interest to review whether CN can proactively release information about the matter;
- Messages that play while telephone customers are waiting in queue/on hold relating to rates, waste and illegal dumping;
- Reviewing the information published on CN’s website to ensure that the information is up to date, informative and relevant;
- Increase of e-services with forms, enquiries and payment available through our website for Rates, Waste, Parking, Development & Building;
- Rates - how to receive rates by email, and make online payments and enquiries;
- Recycling - free Christmas recycling, war against plastic, chemical and reporting illegal dumping;
- Ecosuburbia event for smart livable sustainability, garden design and nest box building workshop;
- Tree - National Tree day tree plantings, tree replacement for Laman Street, Bruce Street and Union Street, street garden and Urban forest at Mayfield East;
- Parking - illegal parking and how to report illegal parking, rollout of EasyPark smartphone app for easier parking and Park & Ride service for commuting to the CBD;
- Animals - advice on companion animals’ registration, good pet ownership, and leash free areas;
- Newcastle Voice - Information about how to get involved in decision making by joining Newcastle Voice;
- Promotion of NAIDOC Week, Youth Week and Right to Know Week;
- Civil works interactive mapping tool map showing the region’s latest civil works projects. The mapping tool will streamline communication to residents and fast-track important information about the current projects that have commenced;
- Upgrades - Carrington, existing pedestrian crossing on Brunker Road Adamstown, Stevenson Park set for major renewal, new playgrounds open for Wallsend and Beresfield Library renovation;
- Repairs and works - Newcastle South Cliff and Shortland Esplanade slope repairs, Stockton coastal works;
Rehabilitation - Waterdragon Creek Kotara, Ironbark Creek and Mary Street Jesmond Channel rehabilitation;

Improvements and disruptions of major service - notification via email, text message and printed material;

Smart city innovations - Free Wi-Fi across Newcastle, purchase of electric cars, trial of autonomous public transport vehicle, parking smartphone app;

Funding programs – economic, art and community grants and sponsorship;

Light rail construction and financial assistance;

Fire safety issues resolved at Carrington boarding houses;

New model for Business Improvement Associations;

Fortnightly e-newsletter about arts and cultural events, activities and opportunities at our Museum and Art Gallery;

Asbestos removal from Stockton Beach;

Flooding – education campaign encouraging sign up to CN’s Flash Flood Alert System and media release responding flooding questions; and

Information about Supercars.

Updates are also provided after each council meeting via our website and social media channels summarising the items on the agenda, CN also tweets throughout the meeting as decisions are made.

Number of access applications received – Clause 7(b)

The total number of access applications received by the agency during the reporting year (including withdrawn applications but not including invalid applications).

During the reporting period, CN received a total of 61 formal access applications (including withdrawn applications but not invalid applications).

Number of refused applications for Schedule 1 Information – Clause 7(c)

During the reporting period, we refused a total of zero access applications because the information requested was information referred to in Schedule 1 to the GIPA Act. Of those applications, zero were refused in full, and zero were refused in part.

The total number of access applications received by the agency during the reporting year that the agency refused either wholly or partly, because the application was for the disclosure of information referred to in Schedule 1 to the Act (information for which there is conclusive presumption of overriding public interest against disclosure).

- **Statistical information about access applications – Clause 7(d) and Schedule 2**

Swimming pools inspections

Section 22F - Inspections carried out by local authority

(1) A local authority may charge the owner of premises a fee for carrying out an inspection under this Division being a fee that is no greater than the maximum fee (if any) prescribed by the regulations, but it may not charge a separate fee for issuing a certificate of compliance.

(2) A local authority that is a council must include in its annual report under section 428 of the Local Government Act 1993 such information (if any) in relation to inspections under this Division as is prescribed by the regulations.

(3) An inspection by a local authority is to be conducted by an authorised officer and entry on to premises to carry out such an inspection is to be in accordance with Part 3.

Swimming Pools Regulation 1998

Clause 18BC - Council reporting requirements for inspections

For the purposes of section 22F (2) of the Act, a local authority that is a council must include in its annual report under section 428 of the Local Government Act 1993 the number of inspections under Division 5 of Part 2 of the Act that:

(a) were inspections of tourist and visitor accommodation; or

(b) were inspections of premises on which there are more than two dwellings; or

(c) resulted in the council issuing:

(i) a certificate of compliance under section 22D of the Act; or

(ii) a certificate of non-compliance under clause 18BA of this Regulation.

Total Inspections for (a) and (b) = 1

Total Inspections for c (i) and (ii) = 82

Total inspections overall = 83

Glossary

- **ABS**: Australian Bureau of Statistics
- **ADVOCACY**: The act of speaking or arguing in favour of something, such as a cause, idea, or policy. In the context of the Strategic Priorities it refers to another sphere of government or organisation delivering a service or outcome for the City
- **ARUP**: A multinational professional services firm which provides engineering, design, planning, project management and consulting services for all aspects of the built environment.
- **BENCHMARKING**: A process of comparing performance with standards achieved in a comparable environment with the aim of improving performance.
- **BIODIVERSITY**: The variety of all living things including plants, animals and microorganisms, their genes and the ecosystems of which they are a part.
- **COMMUNITY LAND**: Land classified as community land must be kept for use by the general community. All community land must be regulated by a Plan of Management, which may apply to one or more areas of land.
- **CN**: City of Newcastle.
- **CROWN LAND**: Crown Land is land that is owned by State Government but managed on its behalf by Council.
- **DELIVERY PROGRAM**: A strategic document with a minimum four-year outlook, which outlines the key strategies the organisation will undertake to achieve its desired outcomes. Note this is a legislative requirement.
- **DCP**: Development Control Plan.
- **EOO**: Equal Employment Opportunity.
- **ELT**: City’s Executive Team is led by the CEO and comprises five Directorates – Governance, Strategy and Engagement, People and Culture, Infrastructure and Property and City Wide Services.
- **FINANCIAL YEAR**: The financial year we are reporting on in this annual report is the period from 1 July 2018 to 30 June 2019.
- **FBT**: Fringe benefits tax.
- **FTE**: Full-time equivalent. In relation to staff numbers this refers to a figure that is based on the wages for full-time staff.
- **GIPMS**: Geospatial Program Integration Management System.
- **GYS**: Get your back sister Partnership.
- **HLS**: Home library services.
- **HR**: Human Resources.
- **ICAC**: Independent Commission Against Corruption.
- **IPART**: Independent Pricing and Regulatory Tribunal.
- **LGA**: Local Government Area.
- **NEWCASTLE 2030 COMMUNITY STRATEGIC PLAN (CSP)**: This integrated Community Strategic Plan (CSP) provides clear strategic direction for the long term, and identifies the main priorities, aspirations and future vision of the community.
- **OEH**: Office of Environment and Heritage.
- **OPERATIONAL PLAN**: A document with a one-year outlook that outlines the key activities to be undertaken to achieve the desired outcomes set out in the Community Strategic Plan.
- **PAMP**: Pedestrian Accessibility and Mobility Plan.
- **PARTNERING**: A structured approach to working together with other parties to achieve a mutually beneficial outcome.
- **PERFORMANCE**: The results of activities and progress in achieving the desired outcomes over a given period of time.
- **PERFORMANCE INDICATOR**: Objective evidence on the extent of, or progress towards, achievement of a desired outcome.
POM Plan of Management. A document that regulates the use and management of community land

PMD Personal Mobility Device

RATE PEGGING The percentage limit by which a council may increase the total income it will receive from rates. The percentage is set each year by the NSW Minister for Local Government.
